**About Our School**

Our school is part of a national network of excellent all-girls college prep schools. Our school is guided by teachers and staff who nurture students' intellectual curiosity. We invest in each girl's potential to help all students achieve high standards in every area including math, science, and technology. We have a very supportive environment that includes daily advisory, regular contacts with parents, ongoing conversations between home and school, and opportunity for challenging work. Students also get to use the museums and activities in New York City as their classroom. Part of a network of Young Women's Leadership Network (YWLN) schools, our mission is to prepare young women to be successful leaders in their communities. Every YWLN school is supported by the CollegeBound Initiative (CBI), which ensures college access and financial aid options for every student. We work with parents as partners in preparing every student for postsecondary opportunities. Parents have access to their daughter's grades at any moment and they like the ongoing conversation the school has with them on a regular basis. The many ways we reach out to parents is an important aspect of our partnership and for parents to be able to email their daughter's teachers anytime is a convenient factor in our relationship. Every student is well known by her teachers and by most adults in the building. There are many opportunities for girls to shine at our school from academics and science research to extracurricular activities. Each student can find many exciting activities to be a part of.
