About Our School

Bronx Latin is dedicated to the academic success of every child. Our integrated curriculum along with the integration of technology in the classroom engages students and connects rigorous learning in the classroom with the real world. All students study Latin which helps improve their grammar and vocabulary in English as well as other languages. Parents value Bronx Latin's small classes and student support services. These services include daily Advisory groups, before- and after-school tutoring, as well as Saturday test preparation classes. Bronx Latin students all participate in Socratic Seminars and Exit Projects. In 8th grade, students can be selected to take Integrated Algebra, Living Environment, and Spanish Regents before they enter high school.
