## About Our School

Our mission is for our students to graduate knowing how to work effectively, think critically, and act compassionately. With the emphasis on Common Core Standards, students are able to justify mathematical arguments, design experiments, study historical artifacts, and analyze literature. Laptops and SmartBoard technology are used to enhance learning. We are a small school with Advisories of 15, and our staff works to meet the needs of every child. Students are paired with a caring Adviser whom parents can call directly. We host town halls to celebrate grade-level and school-wide events. Our mediation program resolves conflicts peacefully and develops active listening and compassion. Children's Aid Society provides daily After-school Programs. Eye examinations and glasses are available from the Helen Keller Foundation for any student in need. Students have access to free outside counseling.
