Average for Similar Schools	85%	84%	86%	86%	8%	7%	7.5

Quality Review Score: Proficient (2012-2013)

About Our School

I.S. 318 is designed to help students excel in math, science, and technology through the arts in order to meet the demands of an ever-changing world. We nurture, support, guide, and enhance students' learning while preparing them to adapt to meet the demands of any fast-paced career. We provide a wide range of instructional programs, including blended instruction. We are an iLearn school and an AVID-College Prep Program. We are a technology-based school with three state-of-the-art computer labs containing laptops and iPads. We offer students and parents free e-mail accounts. We have a library and media center with electronic books as well as hard copies, and students can participate on the MOUSE Squad to learn how to dismantle and rebuild computers. Communication with families is very important to us, and our principal sends out weekly letters in English and Spanish.
