## About Our School

Science, Technology and Research (STAR) Early College School at Erasmus is a small Early College Network 6-12 school. Our middle school is divided into houses, which give students a strong sense of community at the school. Our dynamic team of teachers and Brooklyn College professors are eager to prepare students interested in science, mathematics, and technology for college and the world of work. With our partners, we offer a range of challenging academic courses that give students firsthand exposure to the demands of high school and college by using field-based and hands-on methods of instruction. Students will use the rich resources on the Brooklyn College and other City University of New York campuses as their learning laboratories. In addition to their high school diploma, our high school students may earn 30 or more college credits, which may qualify them for Advanced Placement status at Brooklyn College and other City and State Colleges and Universities of New York.

## Academic Opportunities

**Regents Classes:** Earth Science, Integrated Algebra, Living Environment

**Enrichment Classes:** Art, Music

**Language Classes:** French

## Extracurricular Activities and Clubs
