About Our School

Our school provides a well-planned transition program to help parents and students acclimate to the new requirements of middle school. Students at Shell Bank enjoy getting to know their teachers in small group settings. Our grade structure allows teachers, administrators, guidance counselors, and deans to get to know students on an individual basis. Individual support is given to students and parents during their transitions through middle school. Shell Bank maintains unique programs that focus on college and career readiness, as well as an ongoing collaborative support system with parents. Our staff focuses on character development and civic responsibility, and offers experiences that are both intellectually and physically challenging.
