### About Our School

Located a block away from Queens Botanical Garden, East-West is a small school focused on preparing students for college and career readiness. In a supportive environment that embraces our four pillars of honor, excellence, curiosity, and celebration, students are able to engage in a rigorous academic program. While at our school, students become highly proficient in Chinese, Japanese, or Korean. In addition to a college bound academic program, we offer a robust after-school culture supported by an active student government. We promote a positive, safe school atmosphere by encouraging acts of kindness through a nationwide anti-bullying program. Parent and teacher communication is important to us. We commit to parent partnerships by offering monthly PTA meetings on evenings or weekends. Grades and transcripts along with progress reports are readily available to parents online. Our 6-12 model facilitates transition from middle school to high school and then from high school to college.
