Welcome to Middle School Admissions!

Middle school is a new and exciting time for children and families. Residents of New York City are able to apply to a wide array of middle school options that offer children a rich variety of opportunities to explore their interests. It is our hope that this directory will help you find a school that suits your child's needs, interests, and aspirations during this exciting and important time.

This directory contains information about all public middle schools that are open to students and residents in this district. This introduction will guide you through the middle school application process, from learning about schools to submitting your application.

How Middle School Admissions Works

In order to participate in the Middle School Admissions process, you must submit a middle school application by the fall deadline. The application will be customized for your child and will include all of the middle school programs for which your child is eligible. On the application, you will rank all the middle schools your child is interested in attending, in order of preference.

Your child will then be matched to his/her highest possible program choice based on the following:

- **Admissions Priorities:** The order in which applicants are considered for placement. See page 2 for more information.
- **Admissions Methods:** The way schools consider and admit applicants. See page 2 for more information.
- **Seat Availability:** The number of seats offered at each program.

Most students will be offered admission to one of the programs ranked on their middle school application. If your child does not receive an offer to attend one of the schools ranked on his or her application, she/he will receive a placement in either (i) the district where she/he attends public elementary school; or, when different, (ii) the district to which she/he is zoned to attend middle school. For more information on how to fill out your child's application, see page 11.

Eligibility: Students residing in New York City who have met promotional standards from elementary school are assured a placement in a New York City public middle school. All students are eligible for admission to middle school in the district where they are zoned to attend middle school and, when different, in the district where they attend a New York City public elementary school.

School-Based Admissions

Some middle schools listed in this Directory conduct a school-based application process. These schools do not participate in Middle School Admissions and will not be listed on your child's middle school application. Schools with their own application processes will not have any program information listed on their Directory pages. Please contact these schools directly for more information about how to apply.

Boroughwide Middle Schools

This Directory also includes middle schools open to all students and residents of the borough. Boroughwide middle schools are listed in this Directory starting with the boroughwide section title page (page 33) and are marked with "Boroughwide School" in the top-right corner of the school pages.

Citywide Middle Schools

Citywide middle schools are open to all students and residents of New York City. Citywide middle schools are listed in this Directory starting with the citywide section title page (page 47) and are marked with "Citywide School" in the top-right corner of the school pages.

Admissions Priorities

Admissions Priorities determine the order in which applicants are considered for placement in a middle school program. If a program has multiple Admissions Priorities, students who fall into the first priority group will be considered for placement first; students in the second priority group will be considered next; and so on, until all available seats have been filled. Students who fall into higher priority groups have a better chance of getting into a particular program than students who fall into lower priority groups. Schools with multiple middle school programs may have different Admissions Priorities for those programs, so be sure to carefully review the “Admissions Priorities and Programs” section on school pages.

Example: How Admissions Priorities Work

John and Andrea both want to apply to New York Middle School, a school with grades 6-8 in District 20. New York Middle School’s Admissions Priorities are:

- Priority to students residing in the zone
- Then to students and residents in District 20

John lives in the zone of New York Middle School, but Andrea does not. Due to the Admissions Priorities, **John has a better chance of being matched to New York Middle School than Andrea does.** Despite the fact that Andrea lives in District 20, she falls into the second priority group – all students residing in the zone who apply will be considered *before* her.

How John and Andrea rank the school on their applications is also important. If John ranks the school third, he may very likely get his first or second choice. And if Andrea ranks the school first, she may receive a match even though she does not have priority. This is because students with priority, like John, have matched to other programs that they ranked higher on their applications.

Admissions Methods

Admissions Methods are the ways in which middle school applicants are admitted into programs. The six types of Admissions Methods are explained in more detail below (in alphabetical order):

Limited Unscreened: Limited Unscreened programs give priority to students who demonstrate interest in the school by attending an information session, school tour, open house event, or by visiting the school’s exhibit at the Middle School Fair. **You must sign in at these events to receive priority to the school’s Limited Unscreened program(s).** Individual schools maintain lists of families who sign in at these events. Students who receive priority to Limited Unscreened programs are not guaranteed admission.

Screened: In Screened programs, students are ranked by the school based on a variety of factors which may include final report card grades from the prior school year, reading and math standardized test scores, and attendance and punctuality. Some Screened programs have additional requirements like an interview, audition, writing sample, diagnostic test, and/or teacher recommendation. We refer to these factors as Selection Criteria. Review the Selection Criteria for all Screened programs of interest so that you know how your child will be assessed. If you have any questions, please contact the individual schools for more information. Please note that, consistent with New York State law, State ELA and Mathematics test results will not be the sole, primary or major factor in admissions decisions. Instead, multiple measures, which may include State test results, will be used to make admissions decisions for Screened programs.

Screened: Language: Screened: Language programs include Bilingual, Dual Language, and English as a Second Language models. Interested students should review the program name to ensure they are applying to a program that matches their home/native language. Depending on the English Language Learner (ELL) program model being implemented, priority may be given to ELLs, participants of elementary school-level Dual Language and Transitional Bilingual Education programs in the target language, and/or heritage speakers of the target language.

Talent Test: Talent Test programs base admission on a student’s exam performance in specified talent areas. Talent Test programs are found at several District 21 schools, including I.S. 239 Mark Twain, which is open to all NYC residents. Testing details are listed on Talent Test schools’ Directory pages.

Unscreened: In Unscreened programs, students who apply are randomly selected. If there are priority groups within an Unscreened program, students will be selected randomly within those groups.

Zoned: Zoned programs are open to students who live in the geographic zoned area of the middle school. Some geographic zones are shared between middle schools, giving students more than one zoned school option. To find out if your child is zoned to one or more middle schools, please contact your school’s middle school liaison.

The Types of Middle School Admissions Methods

Most Selective

Least Selective

Screened

How are students admitted?

Students are ranked by schools based on academics, audition, other assessment and/or attendance

What do schools review?

Your Next Steps

September

- ☐ Review the Middle School Directory
- ☐ Meet with your guidance counselor to discuss middle school options and the Request for Testing (RFT)
- ☐ Contact schools of interest about open houses, information sessions, and audition dates
- ☐ Check the middle school website for important dates: nyc.gov/schools/middleschool
- ☐ Attend the District Middle School Fairs

October

- ☐ Attend the District Middle School Fairs
- ☐ Return RFT to your guidance counselor
- ☐ Attend information sessions and open houses
- ☐ Review Admissions Priorities for each school

November

- ☐ Receive middle school application
- ☐ Check your commute for schools of interest
- ☐ Get your application ready:
 - Rank the choices you are interested in attending
 - Sign and make a copy of the application

December

- ☐ Submit your completed application to your guidance counselor

January

- ☐ Attend auditions and interviews; complete school-based assessments and/or portfolios

February

- ☐ Attend auditions and interviews; complete school-based assessments and/or portfolios

March

- ☐ Receive and return New Middle Schools application to guidance counselor (optional)

May

- ☐ Middle school match results distributed
- ☐ Students who participated in the new schools round and received two matches return notification letter to guidance counselor with choice of which match to accept
- ☐ Students who wish to appeal must also return notification letter to their school, then return completed appeal application

June

- ☐ Middle school appeal results distributed

Contact Information

Address: 123 City Lane
Phone: 212-555-5555
Fax: 212-555-5556

Average for Similar Schools	84%	81%	83%	84%	11%	10%	7.5

Quality Review Score: Well Developed (2010-2011)

About Our School

New York Middle School prepares students for high school, college, and beyond. Students are given the opportunity to choose from a variety of special programs to further develop their academic interests, and a wide variety of extracurricular activities are available. We view parents as our partners in helping to support our students, and have an open-door policy to promote good communication between our students, families, and staff.

Academic Opportunities

Regents Classes: Living Environment

Language Classes: Spanish

aphy, School Newspaper, Student Arts, Music (Jazz Band, Rock Band, Symphony), Project BOOST (Building Options and Opportunities for Students)

CHAMPS Sports – Boys: Basketball, Softball

CHAMPS Sports – Girls: Basketball, Softball, Volleyball

CHAMPS Sports – Co-ed: Basketball, Soccer, Track & Field

Admissions Priorities and Programs

Admissions Priorities

- Priority to continuing 5th graders
- Then to students residing in the zone
- Then to students and residents of District

Admissions Priorities determine the order in which applicants are considered for placement. For more information, see page 2.

Number of seats that were available to students applying for September 2014.

Program Name	Admissions Method	2014 Seats	2014 Applicants
New York Middle School	Limited Unscreened	70	176
Selection Criteria: Priority is given to students who demonstrate interest by signing in at one of the following events: Information Session, School Tour, Open House, or Middle School Fair.			
Honors Academy	Teacher Readiness		
Selection Criteria: <ul style="list-style-type: none"> • Essay/Writing Sample • Review of Grades • Student Interview • Teacher Recommendation 			

Admissions Methods determine the specific ways in which middle school applicants are admitted into middle school. For more information, see page 2.

Total number of students who applied for September 2014 admission.

Selection Criteria includes admissions requirements that students must complete in order to apply to a specific program and other information explaining how students are admitted.

School Location and Transportation

It is extremely important to consider where schools are located in relation to your home. This Directory includes a map indicating the location of all the middle schools in this district on page 14. The map includes all types of middle schools in the district, including charter schools and schools that require a school-based application, if applicable. There are also maps showing the location of the boroughwide and citywide options available to your child on page 15. Please research the travel options available to your child for schools of interest, particularly the train and bus routes that would be necessary.

A summary of pupil transportation information is below. Transportation offered by charter schools varies by school. The New York City Department of Education offers transportation to middle school students based on these criteria:

Students in Sixth Grade are provided with free transportation if they live one mile or more from school; if they live closer than that but more than $\frac{1}{2}$ mile from school, a half-fare MTA bus pass is available on request from their school. Free transportation is provided as either a yellow bus or a MetroCard. Students receive yellow busing if (i) their school has bus service, (ii) they live in the same school district as their school, and (iii) a bus can pick them up, along with 10 other students, on a route of no more than 5 miles.

Students in Seventh Grade and above are provided with MetroCards if they live $1\frac{1}{2}$ miles or more from school. If they live closer than that but more than $\frac{1}{2}$ mile from school, a half-fare MTA bus pass is available on request from their school.

For more information about student transportation, call the Office of Pupil Transportation at 718-392-8855 or visit nyc.gov/schools/offices/transportation.

Middle School Events

This fall, you will have multiple opportunities to learn more about the middle schools in your district.

Middle School Fairs: In September or October, there will be a middle school fair for your district. At the fair, you will be able to meet school representatives and ask questions about specific programs and offerings. Information about your middle school fair will be available from your elementary school and online at nyc.gov/schools/middleschool this fall.

School Open Houses: Many middle schools offer open house/school tour events where you and your child can see the school facilities, meet staff members, and ask questions. Before you visit, prepare a list of questions for school representatives regarding the school's culture, course offerings, and extracurricular activities. For information about school open houses and/or school tours, please contact middle schools of interest directly.

Priority to Limited Unscreened Programs: As noted on page 2, Limited Unscreened programs give priority to students who sign in at an information session, school tour, open house event, or by visiting the school's exhibit at the Middle School Fair. If you are interested in a Limited Unscreened program, please make sure to sign at an event to receive priority for admission.

Other Middle School Options: Charter Schools

Charter schools are independent public schools run by not-for-profit Boards of Trustees that operate under a five-year contract or "charter." Many charter schools have unique educational approaches that may include longer school days, a longer school year, and/or thematic curriculum programs. Any student eligible for admission to a traditional public school is eligible for admission to a public charter school.

If the number of applicants exceeds the number of available seats at a charter school, the charter school must conduct a lottery to determine admissions. The New York State Charter Law allows schools to offer a lottery preference to three groups: (i) siblings of students who already attend the school, (ii) students who reside in the charter school's district of location, and (iii) students at risk of academic failure. Charter schools can define which students are considered to be at risk of academic failure. Definitions may include, but are not limited to: students eligible for Free or Reduced Lunch, students who are English Language Learners, or Students with Disabilities. Interested students or parents must contact each charter school directly to receive an application and follow the procedures for admission.

For more information about charter schools in New York City, see the Directory of New York City Charter Schools, available at enrollment offices (see inside back cover) and online at nyc.gov/schools/charters, or call 212-374-5419. For information about particular charter schools, please contact the schools directly.

School Quality Information

The New York City Department of Education collects information about school practices and student outcomes, which can help identify each school's strengths and areas for improvement. This Directory contains some of this information, which is listed on school pages and explained in more detail below. If you have any questions about this section, please speak to your school's guidance counselor or visit nyc.gov/schools/accountability. All citywide and district averages below are for the 2012-2013 school year.

The percent of students who passed courses in the core subjects: English, math, social studies, and science.

Citywide Average	District 20 Average
English: 89%	English: 95%
Math: 88%	Math: 95%
Social Studies: 89%	Social Studies: 97%
Science: 90%	Science: 96%

The percent of 6th, 7th, and 8th grade students who scored at a level 3 or 4 on the New York State English and math tests.

Citywide Average	District 20 Average
English: 25%	English: 35%
Math: 27%	Math: 45%

A summary of student satisfaction with the school based on results from the annual School Survey. Survey questions focus on academic expectations, communication, engagement, safety, and respect.

Citywide Average	District 20 Average
7.4	7.8

Sample School Performance

	What % of Middle School Students...						How Satisfied Are Students With the School?
	Passed English Class?	Passed Math Class?	Passed Social Studies Class?	Passed Science Class?	Were Proficient on the State English Test?	Were Proficient on the State Math Test?	
This School's Performance in 2012-2013	93%	95%	89%	91%	35%	37%	7.4
Average for Similar Schools	89%	91%	91%	88%	35%	34%	7.6

Quality Review Score: Well Developed (2010-2011)

This rating reflects how well a school's practices support student learning, and the year of the school's most recent review.

This row shows 2012-2013 performance of schools with similar student populations, based on entering characteristics and achievement.

The performance of similar schools is an important comparison for understanding how well a school is succeeding with its students relative to other schools with similar students.

Note: Schools with incomplete course data are listed as N/A.

School Quality Information, continued

Quality Review

The Quality Review evaluates how well a school is organized to improve student achievement. During the two to three day review, evaluators visit classrooms, talk with school leaders, parents and students, and use a detailed rubric to make an overall assessment. The process seeks to look beyond a school's performance statistics to ensure that the school is engaged in work that strengthens the relationship between students, teachers, and content. The results of the review are published online in a detailed report describing what the school does well and where the school can improve.

At the end of the Quality Review, the school receives one of the following overall scores:

- Outstanding (*For 2007-2008 reports only*)
- Well Developed
- Proficient
- Developing
- Underdeveloped

The Quality Review score can be found just below the School Performance table (see sample on previous page). The Quality Review score listed on the school pages reflects the most recent year that a Quality Review was conducted at that particular school. For the most up-to-date Quality Review scores and reports, please visit nyc.gov/schools/Accountability/tools/review/find.

New York State Accountability

The New York State Education Department (NYSED) determines the accountability status of schools based on its own set of measures. For more information about New York State Accountability, visit the NYSED website: www.p12.nysed.gov/accountability.

Special Education Services

Students with disabilities may apply to all schools and/or programs listed in this Directory, subject to the same admissions requirements as their general education peers. If the student's IEP contains testing accommodations, those accommodations will be provided when the student tests or auditions.

Students whose IEPs recommend a specialized District 75 program and who wish to continue in a District 75 program are not required to participate in the middle school admissions process. These students are notified of their middle school placement in May or June by their District 75 schools. If you and the IEP team are considering a recommendation to a community school at the next IEP meeting, we encourage you to participate in the middle school admissions process.

For more information, visit nyc.gov/schools/Academics/SpecialEducation.

Site Accessibility Information

The DOE is committed to ensuring that its programs, services, and activities are accessible to students with disabilities, including students with mobility impairments or other physical disabilities, in compliance with the Americans with Disabilities Act (ADA). The DOE assesses all organizations located in our buildings on a continuous basis to determine which schools are functionally accessible to students with disabilities.

Functionally Accessible Schools or Programs are located in a fully or partially accessible building where an individual with mobility impairment may enter and access all relevant programs and services, including the science laboratory, library, cafeteria, and the gymnasium; in some cases school programs may need to be re-located to accommodate access. At least one restroom is accessible.

For general inquiries about accessibility, please contact the Office of Space Planning at SpacePlanning@schools.nyc.gov. For the most up to date information on the accessibility of each school please contact the school directly.

English Language Learners (ELLs)

There are three types of programs designed to serve English Language Learners (ELLs) in New York City public schools. ELLs receive a range of supports and services to develop their English proficiency and prepare them for success in school, college, and/or careers.

There are three different ELL service delivery models offered in New York City public schools:

Dual Language (DL): Dual Language programs provide instruction in two languages. The goal of the DL model is to develop bilingualism. Students become proficient in reading, writing, and speaking in English and in the target language of the program (e.g., Spanish, Chinese). The DL model used by the school is based on student demographics in the school and district; however, ELLs receive priority enrollment in DL programs. The amount of instructional time dedicated to each language can vary by model and school (e.g., 60% English/40% Spanish; 50% English/50% Spanish). ELLs enrolled in DL programs receive English as a Second Language (ESL) instruction as a part of their academic schedule.

English as a Second Language (ESL): English as a Second Language programs are offered in all New York City public schools and are taught in English. The goal of ESL is for students to develop English proficiency. ESL programs may vary; some schools may offer stand-alone ESL classes while others may incorporate ESL instruction embedded in subject area classes (e.g., Science).

Transitional Bilingual Education (TBE): Transitional Bilingual Education programs provide instruction in English and students' native languages. The goal of the TBE model is for students to develop English proficiency, by gradually reducing the amount of instruction in their native language. Schools provide English Language Arts (ELA), Native Language Arts (NLA), and subject area classes in students' native languages and in English. As students develop English proficiency, time spent learning in English increases and native language instruction decreases (e.g., Year 1: 60% Spanish/40% English; Year 2: 50% Spanish/50% English).

ELL Information in This Directory

This Directory indicates which of the ELL service delivery models above are *currently* offered in each middle school, based on school-reported data.

All middle schools must issue the **ELL Parent Survey and Program Selection Form** at the parent orientation meeting which is offered to all newly-identified ELLs. If you do not receive this form, please request it from the school. You may use the form to indicate your preferred ELL service delivery model, even if your middle school does not currently offer it. Middle schools will be identified for a dual language or transitional Bilingual Education program when there are 20 or more ELLs with the same native language in any single grade whose parents/guardians request either Dual Language or Transitional Bilingual Education. In this way, parents can determine which ELL service delivery models are offered in their child's school.

For the most up-to-date information regarding ELL service delivery models, please contact schools directly. For more information about services and supports for English Language Learners (ELLs), please call 212-374-6072 or visit the Office of English Language Learners website: nyc.gov/schools/Academics/ELL.

1 STUDENT INFORMATION

Parent/Student: Please review the information below carefully. Contact personnel at your current school to update information on this page.

Student Name	Student ID #	Date of Birth	Gender
Home Address	Apt.#	Borough	Zip Code

4 MIDDLE SCHOOL LIAISON NAME & SIGNATURE

I certify that I have reviewed the information on this application and believe it to be accurately and correctly completed.

Middle School Liaison Name (please print)

Middle School Liaison Signature

Date

How to Complete the Application

All New York City public elementary school fifth graders will receive a personalized application from their current school in November. This application will contain pre-populated information about the student and will list all of the middle schools for which that student is eligible.

To complete your child's middle school application, you will need to review sections 1 and 2, fill out section 5, and sign and date the application in section 6. Return the completed application to your child's middle school liaison by the deadline later this fall.

Here is a breakdown of each section:

Section 1 – Student Information: Student information printed here comes directly from your child's current school. Make sure to verify that this information is correct. If any information needs to be updated, please contact your elementary school.

Section 2 – Academic Information: The academic information printed in this section (including your child's most recent standardized test scores, special needs information, and last year's attendance record) comes from your child's current school. Make sure to verify that this information is correct. If any information needs to be updated, please contact your elementary school.

Section 3 – Academic Assessment: For School Use Only: This section will be filled out by a teacher or school administrator after you submit your child's application. **You do not need to complete this section.**

Section 4 – Middle School Liaison Name & Signature: This section will be filled out by the middle school liaison at your child's elementary school. **You do not need to complete this section.**

Section 5 – Middle School Options: This section will list the middle schools for which your child is eligible. On this part of the application, you will indicate which schools/programs you are interested in having your child attend, in order of preference.

Write a "1" next to the school you want your child to attend most; a "2" next to your second choice, and so on until you have ranked all of the schools for which your child is eligible and interested in attending. Make sure to look over the Tips and Reminders on the following page before you submit your child's application.

 Rank your choices in order of preference here.

Choice Number	District	Program Code	School Name/Program Name
2	1	M378L	School for Global Leaders
3	21	K239CM	Mark Twain (I.S. 239) Magnet Program - Computer/Math
1	21	K239VO	Mark Twain (I.S. 239) Magnet Program - Vocal
	1	M292S	Henry Street School for International Studies
4	1	M140S	The Nathan Straus Preparatory School of Humanities (P.S. 140)
	1	M301S	Technology, Arts, and Sciences Studio

Section 6 – Parent/Guardian Name & Signature: Applications must be signed and dated here.

Application Tips and Reminders

You should discuss your middle school selections with your child and your child's middle school liaison before filling out the application. As you are ranking schools on your child's middle school application, don't forget these tips and reminders:

- Your child's middle school application has all of his/her options from within the middle school application process printed on it already. Do not write in programs; they will not be considered. If you are interested in any charter, private/parochial, or school-based application schools, please contact those schools directly.
- You can rank as many programs as you would like, but you do not need to rank all of them. Rank only programs you want your child to attend.
- Your child is **not** guaranteed a spot at the schools you rank on the application. If your child does not receive an offer at one of your ranked schools, your child will receive a placement in either the district of his/her current elementary school or the district to which your child is zoned to attend middle school.
- Remember, your child may also apply to middle schools with school-based applications and charter schools. These schools run their own admissions processes and will not be listed on your child's middle school application; contact these schools directly for more information.

Continuing Fifth Grade Students

Fifth grade students currently attending a school that continues beyond fifth grade (such as a K-8 or K-12 school) have priority to continue on to sixth grade at that school. In order to receive this Admissions Priority, you must rank your child's current school as one of your choices on the middle school application.

You do not need to rank your child's current continuing school as your first choice in order to receive the priority, but be sure to include it in your ranked programs according to your actual preference.

For example: If the middle school program you most want your child to attend is a Screened program open to the whole district, rank that *before* your child's current continuing school. If you rank the current continuing school first, your child will be matched there and not considered for the other programs you rank.

Zoned Students

Students who are zoned to a middle school – or a campus containing multiple middle schools – have priority to attend that school or schools. In order to receive this priority, you must rank your child's zoned school(s) on the middle school application.

As with the continuing fifth graders priority, you do not need to rank your child's zoned school(s) as your first choice in order to receive the priority; however, you should rank your programs in the order that you'd like your child to be considered for them.

Students who do not receive a match to one of the choices ranked on their application are often matched to their zoned school, even if they did not rank it on their application. If space is not available at their zoned school, students are matched to an available seat in the district.

Students Not Currently Enrolled at a New York City Public School

Students not currently enrolled in a New York City public school – that is, students currently attending a private or parochial school, or new to New York City – will need to request an application for the district in which they live from their local enrollment office. When requesting an application, please provide the enrollment office with a 2014 report card from your child's school with grades, attendance, and teacher comments so that they may be included as part of the admissions process. Private and parochial students are eligible to attend middle school in the district in which they are zoned for middle school.

See the inside back cover for a list of enrollment office locations.

Specific Information for District 20

In this district, the Superintendent's programs at 20K030, 20K062, 20K104, 20K180, 20K187, 20K201, 20K220, 20K223, 20K227, 20K229, and 20K259 previously admitted students based solely on test score. The New York State Legislature passed a law in 2014 prohibiting the Department of Education from using test score as the sole, primary, or major factor in admissions decisions. In accordance with this law, these programs will now admit students based on multiple measures, such as grades, attendance, test scores, and student work habits. Schools will determine which measures they will use and how they will weight those measures.

Students apply to these programs by ranking one or more of them on the application. There are no minimum criteria necessary to be eligible to apply. For more information on the specifics of how schools will evaluate applicants for these programs, you may want to contact the school directly.

Students also have access to Federal magnet programs located at schools in Districts 21 and 31. When applying to schools, it is important to keep location in mind as these schools may be located some distance from where you live. Out-of-district students are not eligible for busing.

Important Notes

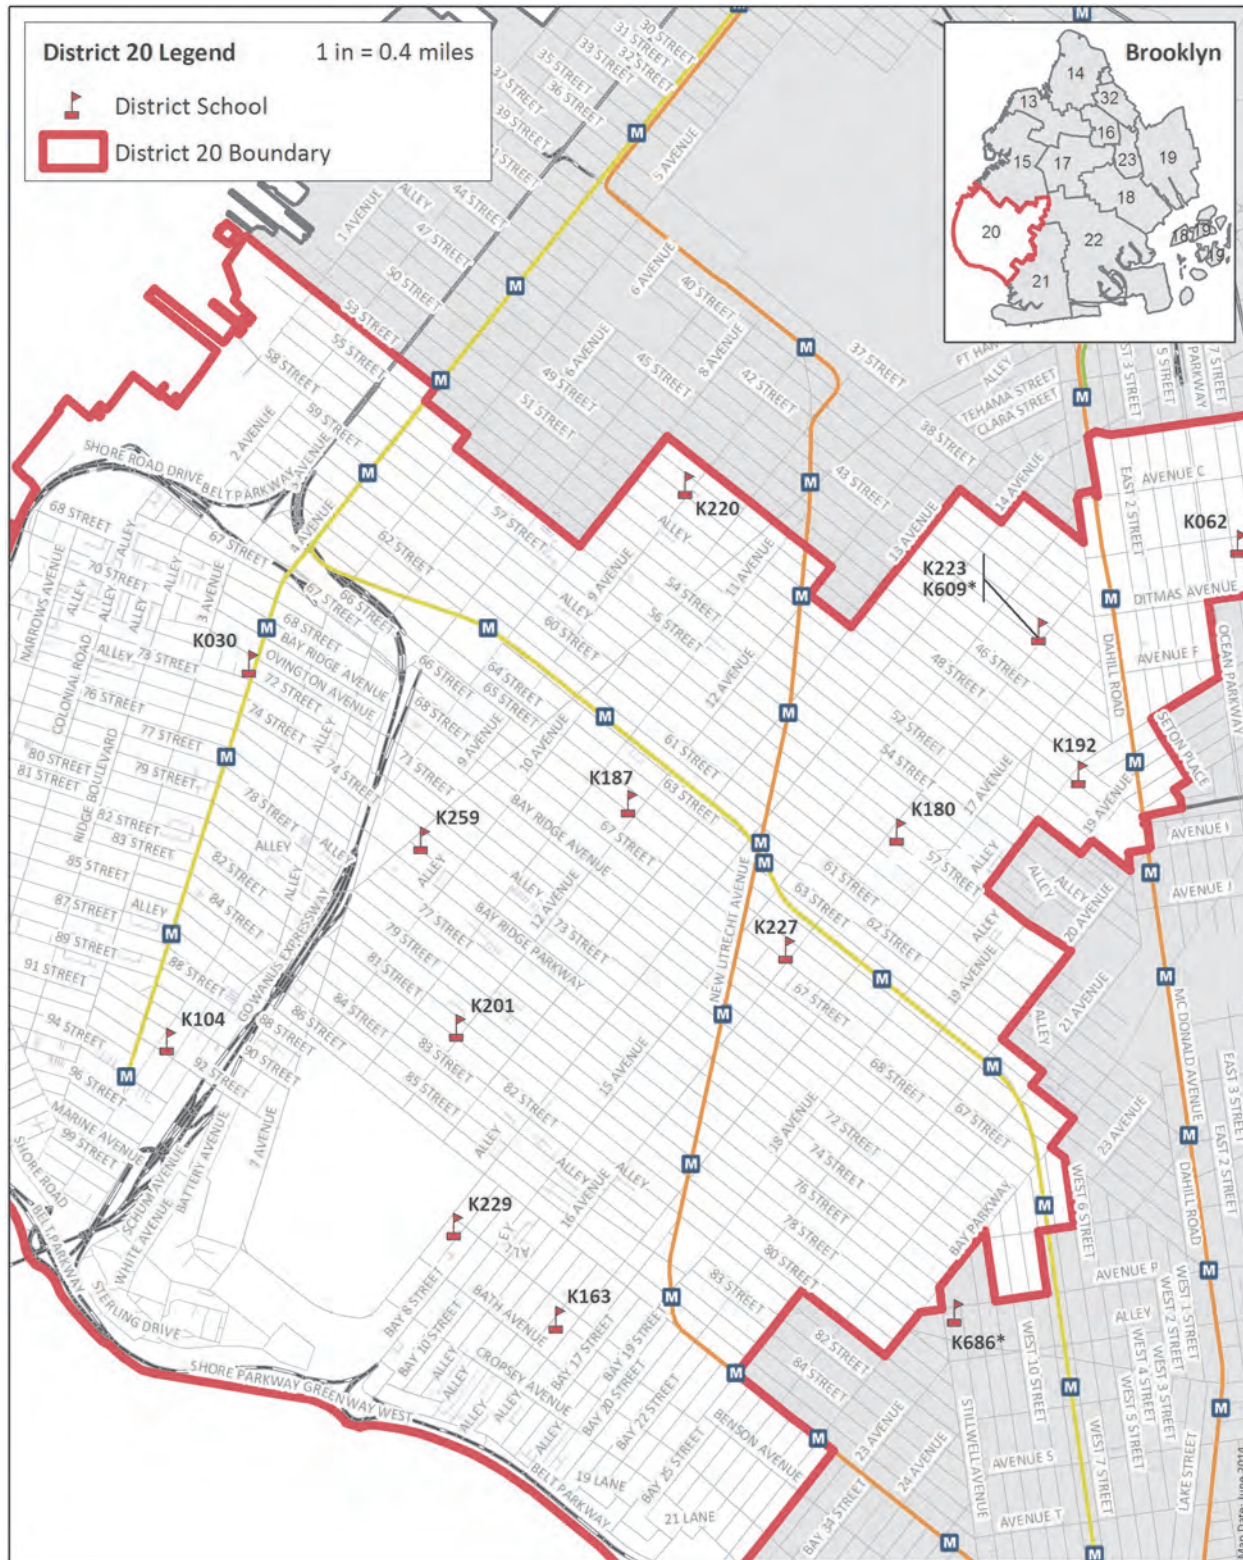

The information listed in this Directory is accurate at the time of publication but may be subject to change. For the most up-to-date information, please contact middle schools directly.

Maps: Certain middle school zones cross district lines. This means you may be zoned to middle school in a district different from the one in which your house appears on the map in this directory. In order to determine your zoned middle school, visit nyc.gov/schools/schoolsearch.

Have Questions? Need Help?

If you need help with your child's application or have any questions about Middle School Admissions, speak to your middle school liaison. You can also call the New York City Department of Education at 718-935-2398 or visit our website at nyc.gov/schools/middleschool.

About Our School

Our teachers and staff provide support and encouragement for students, allowing them to find and reveal their potential. The feeling of warmth in our building develops new confidence within our students. Our incoming sixth grade students will begin a 3-year comprehensive computer science and software engineering curriculum to prepare them for college and career readiness. The P.S. / I.S. 30 staff keeps parents updated with information regarding their children's education and community events. Parents appreciate that our teachers exhibit a real understanding of their children's needs.

Academic Opportunities

Regents Classes: Integrated Algebra, Living Environment, Spanish, U.S. History and Government

Enrichment Classes: Software Engineering Program (SEP): 3-year program beginning in 6th grade

Language Classes: Spanish

Extracurricular Activities and Clubs

ELA and Math Test Prep (8th grade students), Portfolio Art, Music Engagement, Dance Team, Library Squad, Student Government, Yearbook, Walking Club, Arista Peer Tutoring, Roadrunners, Spanish Club, Partnership with NIA beginning with 6th graders for the Expanded Day (Monday – Friday, an extra 2 1/2 hours per day)

Special Programs: National Junior Honor Society (NJHS)/Arista, Art, Computers, Peer Tutoring, Book Club, Positive Behavior Interventions Services (PBIS), Student Council, Service-Oriented Activities, Lunchtime Library Access, Gym at the Park, Academic/Cultural Trips, MSQI-ExTRA for 6th graders, Middle School Quality Initiative: Implementation of the well-renowned Reading Next reading program

CHAMPS Sports – Boys: Basketball, Soccer

CHAMPS Sports – Girls: Basketball, Soccer, Softball

CHAMPS Sports – Co-ed: Soccer, Softball, Track & Field

About Our School

To help prepare our students for the ever-changing world of technology, over 75% of our classrooms have Smart Boards. There are also three computer labs and several mobile labs totaling more than 550 desktops/laptops and 90 iPads. Additionally, our library has 30 iPads for student use. Our Middle School Quality Initiative is preparing our students to be college-ready. Ditmas has been selected as one of twenty schools in NYC to participate in the Software Engineering Pilot Program. Our Law and Community Service Institute features a community service program where our students go to various schools to perform community service during the school day.

Academic Opportunities

Regents Classes: Earth Science, Integrated Algebra

Enrichment Classes: Software Engineering Pilot, Ditmas News Network (student-written, produced, directed, filmed, and edited Televised Weekly Newscast), Specialized High School Test Prep, Foreign Language Proficiency Exams in French and Spanish, Ditmas Writers Workshop

About Our School

Students thrive due to an inclusive educational philosophy that recognizes all students as gifted and talented. Starting in September 2014, our school is offering Pre-Medical and Pre-Law enrichment elective options in addition to our existing expansive enrichment programs. Students will be screened for admission into the Pre-Medical and Pre-Law electives after matching to the SEEALL Leaders Program. Students who apply to the Superintendent's Program will be contacted for screening into these electives after matching to the program.

About Our School

Our academy structure provides a nurturing, stable, and caring environment that fosters cooperation and collegiality among students and staff. Parents appreciate the high caliber of instruction and the wide array of enrichment courses developed by our teaching staff. Project-based learning and the integration of technology help children apply skills and concepts to real-world situations. All students are accepted into one of three academies. Please learn about each academy by visiting our website.

About Our School

At P.S. / I.S. 192, teachers inspire students to learn and enable them to develop challenging academic goals. Students feel safe and are confident in the relationships that they share with their teachers. Our families are pleased with the school's high expectations for their children and our small class sizes. Parents are kept well informed by the school about their child's academic progress, achievements, and successes. Over 35% of our students are English Language Learners (representing the Dominican Republic, Mexico, Ecuador, Chile, Bangladesh, Pakistan, Egypt, Poland, Russia, and Uzbekistan).

About Our School

Our vision is to ensure that all students are college- and career-ready through high expectations and standards of academic excellence as they go forward on the path of becoming lifelong learners. Special activities at John J. Pershing (J.H.S. 220) include our spirit days, trips, prom, and drama productions. Parents appreciate being informed of their child's individual progress along with frequent updates on all school activities, meetings, and functions. Pershing has a very diverse population. The schoolyard has been converted to a community park with basketball courts, a soccer field, track, as well as a fitness area and an outdoor classroom area.

About Our School

Each student is encouraged to act as a responsible partner in her/his own educational process. Both students and teachers appreciate the cooperative environment where they participate in a motivating, challenging, and rewarding educational experience. Parents appreciate the individual attention each student receives at Montauk, where students are supported in reaching their full potential. The student population of Montauk speaks over 33 languages. The average class size at Montauk is 22 students. Our annual art exhibit, multicultural food fair, and concert are attended by about 400 families each year.

About Our School

Our school consists of three grade academies. Each academy focuses on the Common Core initiatives in order to support the developmental and academic needs of every student. Each grade is supervised by a separate team comprised of teachers, a dean, a guidance counselor, and an assistant principal. The mission of the school calls for unity and states: "Together building a better tomorrow today." Each class belongs to a graduate year cohort which serves as their primary goal at Shallow J.H.S. Shallow's instructional bottom lines are as follows: academic intervention, using data to drive instruction, implementing collaborative learning environments, language development, and multiple entry points to increase student understanding and achievement.

About Our School

The motto of 229 is "Home, School, Community." Students like the variety of activities, the service projects, as well as the willingness of the staff to support academic success. Families appreciate our school's high expectations in an inviting, nurturing, and vibrant community. Our middle school grades meet in a newly constructed building addition which opened in September 2009. It includes a state-of-the-art science lab, art and music rooms, a new library, cafeteria, classrooms, and a 5,400-square-foot gymnasium. We have been designated by the New York State Education Department as a "Reward School," one of 249 highly achieving public schools recognized with this title from throughout all of New York State.

About Our School

McKinley offers something for everyone: rigorous academics, arts, and sports. We have a very large arts program and participate in the Cooperative, Healthy, Active, Motivated Positive Students (CHAMPS) sports program. Parents are always welcomed at McKinley. Our Parent Teacher Association (PTA) meetings are themed and actively involve parents and their children. Information is always made public through a monthly newsletter, the website, and the telephone system. Interpreters are always available. We offer mobile laptops, SMART Boards, and wireless internet. Our mural has been featured on ABC, CBS, Channel 25, and The New York Times.

About Our School

Students learn higher-order thinking through inquiry, enrichment, and a challenging academic program. Our focus on youth development fosters confidence and self-advocacy; our students become successful adults, prepared to continue their studies. Students have the opportunity to earn a tuition-free Associates Degree from Kingsborough Community College (KCC) during their time in secondary school. We offer instructional support, small class sizes, and access to the KCC campus.

Academic Opportunities

Enrichment Classes: Culinary, Fashion, Tae Kwon Do, Piano, Sculpture, Step Team, Drumming, Website Design, Hair & Make-Up

About Our School

In addition to the rigorous academic curriculum, which is aligned with Common Core Standards, I.S. 61 takes pride in its performing and visual arts programs. Students are offered a variety of options to express their talents through the various arts programs. While there is a focus on the arts, I.S. 61 recognizes that academic student engagement, within a thinking curriculum, provides each student with a learning experience that prepares them for the challenges beyond middle school. Our new ELA and math curricula provide the academic rigor to tackle the complexities of higher order thinking texts and provide opportunities for rich student discourse. In addition, we have many community and cultural organizations as partners to enhance the learning experiences of our students. They include CHAMPS, NY City Center, Ballet Bridges, The Academy of Carnegie Hall, The Juilliard School and Weill Music Institute, Alvin Ailey American Dance Theater, Learning Through Expanded Arts Program, Art Lab, Snug Harbor Cultural Center, American Museum of Natural History, The Goodhue Center (Children's Aid Society), Staten Island Zoo, Staten Island Museum, and the Alice Austen House.

About Our School

Our school is designed to encourage and foster the achievement of young women in math, science, and technology. Our challenging curriculum uses interdisciplinary, inquiry-based models of learning that actively engage all students in both math and science and their other academic classes. Through our partners, students have the opportunity to actively participate in a range of internships. Our partners also connect our students with role models and mentors that inspire them to challenge their self-perceptions and the stereotypes that currently exist for women in math and science. Additionally, our after school programs provide unique opportunities for students to explore their unique interests. Urban Assembly Institute (UAI) graduates will possess the skills needed to be successful in high school and college and to make the choices that positively impact their lives.

About Our School

Our school is part of a national network of excellent all-girls college prep schools. Our school is guided by teachers and staff who nurture students' intellectual curiosity. We believe that all students can achieve high standards in every area including math, science, and technology. We have a very supportive environment that includes daily advisory. Part of a network of Young Women's Leadership Network (YWLN) schools, we are an all-girls school with a mission to prepare young women to be successful leaders in their communities. Every YWLN school is supported by the CollegeBound Initiative (CBI) which ensures college access and financial aid options for every student. We work with parents as partners in preparing every student for postsecondary opportunities.

About Our School

Science, Technology and Research (STAR) Early College School at Erasmus is a small Early College Network 6-12 school. Our middle school is divided into houses, which give students a strong sense of community at the school. Our dynamic team of teachers and Brooklyn College professors are eager to prepare students interested in science, mathematics, and technology for college and the world of work. With our partners, we offer a range of challenging academic courses that give students firsthand exposure to the demands of high school and college by using field-based and hands-on methods of instruction. Students will use the rich resources on the Brooklyn College and other City University of New York campuses as their learning laboratories. In addition to their high school diploma, our high school students may earn 30 or more college credits, which may qualify them for Advanced Placement status at Brooklyn College and other City and State Colleges and Universities of New York.

Academic Opportunities

Regents Classes: Earth Science, Integrated Algebra, Living Environment

Enrichment Classes: Art, Music

Language Classes: French

Extracurricular Activities and Clubs

Anime, Art, Basketball, Cheerleading, House System (explained below)

Special Programs: Upon entry, students are entered into one of the following houses: Harvard, Yale, Columbia, or University of the West Indies. Throughout the year, the houses compete in academic and extracurricular activities. Each house is awarded points according to how well they compete. At the end of the year, the members of the winning house are awarded a grand trophy as well as an end-of-the-year prize.

About Our School

The Lenox Academy, an academically accelerated program for middle school students, is located in the Canarsie section of Brooklyn and houses approximately 300 students in grades six through eight. Ever-evolving, the Lenox Academy offers an enriched curriculum designed to prepare our students for the 21st century. Our main focus is for students to gain integrated literacy, science, and math skills within the framework of Bloom's Taxonomy for Higher Order Thinking and Webb's Depth of Knowledge. The program provides the highest quality education within a learning environment that supports and nourishes communities of young learners. Since its inception, Lenox Academy's rigorous academic program coupled with a highly skilled and experienced staff has proven successful. Approximately 25 percent of our eighth grade students from the class of 2013 were accepted to specialized high schools. Most have received acceptances to select public high schools while others have accepted placements in private day and boarding schools through scholarships granted by Prep 9. Ultimately, all of our students are expected to attend top universities and colleges of their choosing across the country as evidenced by the achievement of our alumni. Lenox Academy promotes academic excellence and challenges students to meet NYS standards with distinction. As a result, over 95 percent of our students met standards [Level 3] or met standards with distinction [Level 4] on the 2011-12 New York State Standardized exams in English Language Arts & Mathematics. All of our seniors are administered the Living Environment Regents and Spanish Proficiency exam, and around half take the Integrated Algebra Regents. Our results here are impressive: on average, approximately 98% of our 8th graders graduate from Lenox Academy with six high school credits.

Academic Opportunities

Regents Classes: Integrated Algebra, Living Environment
Enrichment Classes: Fine Art
Language Classes: Spanish

About Our School

As a 6-12 school, we believe that middle school is the foundation for high school and college success. In class, students are academically challenged, reading high level texts and engaging in inquiry-based learning. We also believe that middle school is a time to teach students the habits necessary for academic success such as organization and time management. Over the last seven years we have created a strong culture that emphasizes order and structure, rigor and learning, community and positivity. We offer many after-school activities including music, drama, dance, and various sports. Our teachers are accessible, and we have small class sizes and give individual attention to our students. We excite our students about learning, reading, and exploring the world. We offer mobile iPads, laptops, SMART Boards, and wireless internet. We encourage our students to continue at UASCJ through high school.

Academic Opportunities

Regents Classes: Integrated Algebra

Enrichment Classes: Drama, Visual Art, Technology, Book Club

About Our School

I.S. 228 offers a creative environment that brings out students' talents in safe, encouraging, and challenging ways. We showcase our students' creative work throughout Brooklyn and beyond, whether through our symphony, our championship chess team, or our Chinese dancers. Students know that the school champions respect for all and has zero tolerance for bullies. Parents are treated as respected partners. They are supported by the district's first Parent Engagement Center. Parents are kept in the communication loop throughout the year. They take part in an active Parent Teacher Association. In addition, parents know that the school is a place where they can find resources that can help their lives in many ways. I.S. 228 offers free night classes that teach English as a Second Language to the parents of new immigrant students and other interested adults. I.S. 228 has a fully differentiated, high-tech "School of One" math program operating full-time. This program has been featured in national media. I.S. 228 is the only middle school in District 21 that offers Dual Language Russian, Chinese, and Spanish programs.

Extracurricular Activities and Clubs

21st Century Community Learning Center/NYJTL After-school Program (Arts, Athletics & Enrichment Classes), Hip Hop Team, Chinese Dance Troupe, Math Team, Council for Unity Program, Regents & Specialized High School Prep, Music, Enrichment, Drum Line, Computer Technology/Audio-Visual Squad, Championship Chess Team, Chinese Art

About Our School

Intermediate School 392, located in Brooklyn, is a 6th-8th grade middle school with 300 students. Our mission is to establish and maintain a school environment that is stimulating, challenging, and nurturing. We promote high levels of academic achievement utilizing a rigorous, standards-based, interdisciplinary curriculum focusing on the higher-order thinking skills of application, synthesis, and evaluation. This curriculum will infuse the arts, create articulate public speakers, and teach students to behave in a socially acceptable manner so that they can become productive members of society. The Leadership Program provides mentoring for at-risk male students with successful role models from the community. Furthermore, to build school spirit and develop students' personal interests, various clubs are offered during our after-school program. Parents are also significant contributors within the school community, working harmoniously with the staff to ensure their children's success. At I.S. 392, we truly live by the mantra of the African proverb, "It takes a whole village to raise a child."

About Our School

KAPPA V / M.S. 518 is a high performing 6-8 grade middle school. KAPPA is modeled after the acclaimed KIPP Academy in the Bronx. Candidates apply to enter our school and, through an interview process, this gives us the opportunity to accept solid students with college in their future. We foster a nurturing environment that supports, challenges, and raises the expectations for youth in Brooklyn. We are an accelerated learning program where our emphasis is placed on teamwork, cooperation, discipline, reading, writing, and mathematics. Students and staff must act with integrity at all times. We believe that there is no substitute for hard work and discipline. Education allows students to dream by equipping them with the skills they need to make their dreams come true. Our focus is on respect and responsibility. KAPPA stands for "Knowledge and Power Preparatory Academy," and the model stresses high academic expectations in a supportive atmosphere with rewards for high achievement. Parent involvement is also emphasized. Open Houses will be held in October and November. Please contact our parent coordinator, Ms. Juanita Williams, at (718) 922-4690 for Open House dates and times.

Extracurricular Activities and Clubs

Beacon/PAL, located in our building, offers dance (African and Hip-Hop), photography, homework helper, and computer lab

Special Programs: We take many trips and visit college campuses and museums. We offer a monthly math night for parents. Spelling Bees and Multicultural Night are just the start of some of our activities. We have a student government.

CHAMPS Sports – Boys: Basketball, Dance, Flag Football, Step

CHAMPS Sports – Girls: Basketball, Dance, Double-Dutch, Flag Football, Step

About Our School

It is our mission at Mott Hall IV to develop and nurture academic and social leaders by providing a safe environment, which promotes mutual respect among scholars, teachers, parents, administrators, and the community. Through our diverse and rigorous interdisciplinary curriculum, our scholars will enter high school fully prepared to compete globally, and work towards college and career readiness. The academic experience at Mott Hall IV will stimulate students' curiosity and critical thinking in order to create productive citizens and global leaders. It is our vision that all stakeholders will work collaboratively to ensure scholars receive a standard-based rigorous academic education that promotes a commitment to leadership, service, and advocacy. The attainment of this vision directly relates to Mott Hall IV's commitment to the school community to provide quality education to all students. It is essential that our students live and embody our core values, which are accountability, leadership, integrity, pride, respect, service, and teamwork.

About Our School

We are dedicated to creating an environment that fosters optimism, creativity, critical thinking, and lifelong learning. We will prepare tomorrow's educational leaders by modeling superior instruction in our teaching and by developing social efficacy skills through meaningful interactions with positive adult role models. Teachers maintain high expectations for student achievement and students understand and meet these expectations. Once admitted to our school, students may choose to participate in three programs. The Art Centered Program (ACP) is a program for motivated, academically sufficient students with an interest in all forms of the arts. The program focuses on specific areas: Visual Arts, Media, Dance, and Theater. Our Teach for Tomorrow program prepares students interested in teaching as a profession. Our students are trained to be teacher interns/tutors and our students are tutored by interns. Our EATS-Urban Farming program is sponsored by the Active Citizen Project. EATS students are engaged in creating healthy, affordable food choices in the community through developing neighborhood spaces into urban organic farms.

About Our School

The Institute for Collaborative Education (I.C.E.) is a small, community-focused school where the needs and academic interests of our students come first. Teachers utilize a project-based curriculum that emphasizes student-centered inquiry, forming substantive arguments, written and oral presentations, and the active and ongoing exchange of ideas. At I.C.E. we encourage students to develop their own points of view and practice the intellectual disciplines of conducting formal research and defending complex academic arguments.

Academic Opportunities

Enrichment Classes: Visual Art, Music (Jazz Band and Section Rehearsals), Photography, Dance, Multimedia Production, Drama and Theatre, Shakespeare Literature, Debate

About Our School

Located in the heart of Manhattan's Theater District, the Professional Performing Arts School (PPAS) is a small, personalized school that partners with top-rated New York City arts organizations to provide the highest quality training in the performing arts and a competitive academic program. In partnership with professional theater company Waterwell, middle school students receive 90 minutes daily of acting, dance, and voice classes, in addition to a full academic course load. The arts program emphasizes rigor and discipline alongside curiosity, generosity, and an orientation toward others. Our curriculum provides students with the artistic and personal skills to be leaders in the field, their community, and in whatever profession they choose to pursue. Our academic and arts programs prepare students for competitive high schools. Students have a wide choice of options when transitioning to high school. PPAS middle school students are guaranteed a placement in one of the PPAS high school arts programs if they choose to stay. Although keenly focused on performing arts education, we provide a middle school experience that is well-rounded and considers every child's interests, learning styles, and needs. Our central goal is to offer a rich, engaging, and fun middle school program that will support the ultimate goal of school, college, and career success. Students invited for an audition prepare one short monologue and one song to perform without music. The monologue can be from a play, a movie, or something a student has written. Students should choose characters close to their age and/or life experience. Students are asked to show us their range and know who they are talking to in their imagination and why. The song should be classical, gospel, or from a musical. Although it can help, students do not need prior experience in order to apply.

Academic Opportunities

Regents Classes: Earth Science, Integrated Algebra

Enrichment Classes: Creative Writing and Independent Reading Program (IRP)

About Our School

Ballet Tech integrates intensive dance training with a full academic curriculum for approximately 150 students in grades 4-8. The middle school dance curriculum, provided on-site by the Ballet Tech Foundation, includes daily classes in ballet technique as well as pointe, modern, character, gymnastics, and repertory choreographed by founder Eliot Feld specifically for these young dancers.

About Our School

The Anderson Middle School (AMS) provides a judicious combination of an accelerated and enriched curriculum for the distinct needs of gifted learners. Our upper grades are fully integrated within our highly successful K-8 school. With only two classes per grade, the relationship between students and teachers is very personal and supportive. This smaller population also fosters a strong sense of community for students who attend this citywide school. Guided by skilled educators who recognize the special needs of children with outstanding intellectual potential, our upper grades, 6-8, provide intimate, differentiated, and departmentalized instruction that encourages higher level critical thinking skills, creative problem solving, divergent thinking, research, independent study, collaborative projects, and self-evaluation. The legacy of parental involvement and support sustains the spirit and growth of AMS. The Anderson School seeks a diverse student population and welcomes applications from students living in any of the five boroughs who meet the criteria of high academic performance based on report cards, very high scores on each of the 4th grade NYS ELA and Math exams (scores to be announced on school's website in November), and strong teacher recommendations. Students who meet all of these criteria will participate in an admissions test at the school that includes essay writing and a math assessment given by members of the Anderson administration and faculty.

Academic Opportunities

Regents Classes: Integrated Algebra, Living Environment, Spanish

Enrichment Classes: Art (Studio and History), Music (Keyboard Lab, History, Instrumental Music, Chorus), Advisory, Technology/Research Lab, Electives, Musical Theater, Ballroom Dancing

About Our School

The mission of the Special Music School is to provide schooling to musically gifted children through a combination of highly structured instrumental training and a standards-based academic program. The school prepares musically gifted children for professional music careers while recognizing that not every student will choose such a career. The underlying philosophy informing the structure and operation of the Special Music School is the belief that music education for gifted pupils requires: 1) extensive opportunities to work with an outstanding instrumental faculty on a one-to-one basis; 2) a structured, sequential music curriculum; 3) opportunities to perform before audiences; and 4) a program of close interaction between general academic and musical studies. It is our goal to see each child reach his or her maximum academic and musical potential. Our vision is that all Special Music School students will become life-long learners and critical thinkers in the context of a caring and respectful learning environment. We encourage meaningful parental involvement in all aspects of the educational process, fully recognizing the importance of the home/school partnership as an essential component for maximizing each child's growth and development.

About Our School

At the Talented and Gifted School for Young Scholars, faculty, parents, and students work together to prepare all students to excel in life and develop to their full potential, both intellectually and socially. As part of a collaborative effort we seek to: inspire inquiry, creativity, and achievement for all of our students; inspire compassion, integrity, and respect for all humanity; and cultivate the belief that we are all life-long learners. Believing in the dignity and worth of each individual, whether adult or child, we recognize our responsibility to provide an educational program that stimulates and challenges each person to realize his/her maximum potential. Through this collaborative effort, we will: promote physical and emotional well-being; recognize and develop, in all students, their individual interests and talents; provide a strong educational program in which all students are encouraged to develop critical and creative thinking skills; design meaningful educational experiences that promote academic and personal growth and challenge students to reach their full potential; select, develop, and maintain a professional and supportive staff sensitive to the instructional and emotional needs of each student, dedicated to providing a quality education, and who have a genuine love of children and an interest in helping the students we are fortunate to serve develop into positive members of our society; engage in ongoing self-evaluation that ensures, as an educational learning community, that we are effectively working to achieve our own goals and those of the Department of Education.

About Our School

At BSI, we encourage our students to become self-directed learners who think of themselves as active members of the world community. We offer an arts-enriched school environment that promotes creativity and divergent thinking. We want our students to see themselves as mathematicians, so we foster deep comprehension of math concepts by helping our students acquire habits of mind: persisting, questioning, communicating with precision and clarity, thinking flexibly, meta-cognition (thinking about one's thinking), listening with understanding/empathy, and thinking interdependently. BSI students read short stories, novels, graphic novels, poetry, classic works of literature, and contemporary authors. They thrive on diverse content and their writing includes feature articles, informational texts, comic books, interviews, persuasive essays, literary analysis, and literary criticism. We teach our students to engage technology, to think critically about what they see, and to be thoughtful about how they use technology to express their thoughts and ideas. Parents play a crucial role in both the daily life and long-term growth of BSI: through a vital home/school connection we build a learning community based on respect and cooperation. What begins in the early grades as learning community agreements becomes, in later grades, the teaching of rights and responsibilities through the Responsive Classroom model.

About Our School

Students thrive in our community that blends academic rigor with visual and performing arts. Every student has a focus in one of our Talent programs: Art, Athletics, Computer/Math, Creative Writing/Journalism, Dance, Drama, Instrumental Music (Strings or Winds), Media, Science, or Vocal Music. Parents appreciate the personalized attention of our mini-school "cluster" system. Teachers and support staff have time in their weekly schedule to collaborate with parents and caregivers to provide the best academic and social/emotional development for each student. Almost all graduates go on to NYC's Specialized High Schools or select programs. We have building-wide Next Generation Wireless internet access and cohorts of students utilize iPads throughout their courses. Our school is designated as a Rewards School (top 5% by NYSED). We received The Blackboard Award for "Outstanding Middle School" in 2011.

Academic Opportunities

Regents Classes: Earth Science, Integrated Algebra, Living Environment

Enrichment Classes: Music, Art, Technology, Robotics, Computer Science, Leadership

About Our School

Those who are successful in modern workplaces know how to ask the right questions – they are critical thinkers and researchers, strong problem solvers, and reflective practitioners. At 30th Avenue School, students have daily opportunities to develop these skills and habits through inquiry-based lessons and projects. Teachers facilitate learning by setting up the classroom in specific ways, intervening when necessary, observing students, asking thoughtful questions, and assessing student learning. For example, in a sixth grade science classroom, a visitor will see students working independently and in groups to answer the question, “How does temperature impact the speed of molecules?” Students will build models of molecules, devise their own experiments, and perform internet research on energy. 30th Avenue School differentiates itself from other Citywide Gifted & Talented schools by challenging students to develop skills in all core subjects, as well as in engineering, programming, arts, and world languages. Students at 30th Avenue School receive a well-rounded education that will prepare them for competitive high schools and beyond.

Academic Opportunities

Regents Classes: Earth Science, Integrated Algebra, Living Environment, Spanish

Language Classes: Chinese (Mandarin), Spanish

Extracurricular Activities and Clubs

Special Programs: Robotics, Programming

CHAMPS Sports – Boys: Will be based on student interest

CHAMPS Sports – Girls: Will be based on student interest

CHAMPS Sports – Co-ed: Will be based on student interest

Admissions Priorities and Programs**Admissions Priorities**

1. Priority to students in the P.S. 85 Gifted & Talented program
2. Then to NYC residents

Program Name	Code	Program Focus	Admissions Method	2014 Seats	2014 Applicants
30th Avenue School	Q300M	STEM-Enriched Gifted & Talented Program	Screened	60	1459
Selection Criteria: Students will be selected based on multiple criteria which may include a review of grades, test scores, attendance, and student work habits.					

Consistent with New York State law, State ELA and Mathematics test results will not be the sole, primary, or major factor in admissions decisions. Instead, multiple measures, which may include State test results, will be used to make admissions decisions for screened programs.

How to Apply to Mark Twain for the Gifted & Talented (21K239)

Mark Twain for the Gifted & Talented (I.S. 239) is a middle school open to all New York City residents. In order to be eligible to test for and apply to this school, applicants must submit a Request for Testing (RFT) form by the deadline and follow the other admissions requirements outlined below.

Request for Testing (RFT) Information: All students interested in applying to Mark Twain for the Gifted & Talented must submit a Request for Testing (RFT) form **by October 9, 2014**.

Public school students should return the form to their elementary school, and non-public school students should return the form to their local enrollment office (see back inside cover). On the RFT form, you will need to identify the two talent areas (see below) for which you would like your child to participate in competitive talent exams.

Talent Areas and Program Codes

- Art (K239AR)
- Athletics (K239AT)
- Computer/Math (K239CM)
- Creative Writing/Journalism (K239JO)
- Dance (K239DA)
- Drama (K239DR)
- Instrumental – Strings (K239ST)
- Instrumental – Winds (K239WI)
- Media (K239ME)
- Science (K239SC)
- Vocal Music (K239VO)

Ranking Mark Twain on the Middle School Application: Students who have submitted their RFT form will see the two talent areas for which they have requested to be tested on their personalized middle school application. To be considered for placement, you must also rank Mark Twain on your application as one of your choices.

Talent Testing/Audition Information: After submitting the RFT Form, eligible students will receive notification of the date for which they have been scheduled to audition. Testing will occur at Mark Twain and will take place on one of the dates listed below:

- January 10, 2015
- January 11, 2015
- January 24, 2015
- January 25, 2015
- January 31, 2015
- February 1, 2015
- February 7, 2015
- February 8, 2015

Please note that additional test dates may be scheduled based on student applicant response.

How to Apply to Professional Performing Arts School (02M408)

Audition Information: Professional Performing Arts School (PPAS) is a citywide school serving grades 6-12. Eligible students are invited to audition for the PPAS middle school theatrical arts program which includes acting, singing, and dance instruction from professionals in these fields along with an accelerated academic program.

Students will be invited to an audition based on academic standing and attendance. Invitations to audition will be sent to students and families prior to the holiday recess in December. Auditions will be held in the last week of January. We will work with students that have conflicts with other public school tests and auditions.

Auditions include acting, singing, and dancing. More details about what is required will be sent to students invited to audition in December. Meanwhile, students should begin to prepare a short monologue from a character close to their age, AND a short song (16 bars). The song can be a classical or gospel song, or a song from a musical.

Ranking PPAS on the Middle School Application: In order to be considered for a PPAS audition, you must rank PPAS as one of your choices on the middle school application you receive from your current elementary school. If you attend a private or independent elementary school, you can obtain a middle school application from a New York City enrollment center. All candidates must be residents of New York City at the time of application.
