Welcome to Middle School Admissions!

Middle school is a new and exciting time for children and families. Residents of New York City are able to apply to a wide array of middle school options that offer children a rich variety of opportunities to explore their interests. It is our hope that this directory will help you find a school that suits your child’s needs, interests, and aspirations during this exciting and important time.

This directory contains information about all public middle schools that are open to students and residents in this district. This introduction will guide you through the middle school application process, from learning about schools to submitting your application.

How Middle School Admissions Works

In order to participate in the Middle School Admissions process, you must submit a middle school application by the fall deadline. The application will be customized for your child and will include all of the middle school programs for which your child is eligible. On the application, you will rank all the middle schools your child is interested in attending, in order of preference.

Your child will then be matched to his/her highest possible program choice based on the following:

- **Admissions Priorities**: The order in which applicants are considered for placement. See page 2 for more information.
- **Admissions Methods**: The way schools consider and admit applicants. See page 2 for more information.
- **Seat Availability**: The number of seats offered at each program.

Most students will be offered admission to one of the programs ranked on their middle school application. If your child does not receive an offer to attend one of the schools ranked on his or her application, she/he will receive a placement in either (i) the district where she/he attends public elementary school; or, when different, (ii) the district to which she/he is zoned to attend middle school. For more information on how to fill out your child’s application, see page 11.

**Eligibility**: Students residing in New York City who have met promotional standards from elementary school are assured a placement in a New York City public middle school. All students are eligible for admission to middle school in the district where they are zoned to attend middle school and, when different, in the district where they attend a New York City public elementary school.

School-Based Admissions

Some middle schools listed in this Directory conduct a school-based application process. These schools do not participate in Middle School Admissions and will not be listed on your child’s middle school application. Schools with their own application processes will not have any program information listed on their Directory pages. Please contact these schools directly for more information about how to apply.

Boroughwide Middle Schools

This Directory also includes middle schools open to all students and residents of the borough. Boroughwide middle schools are listed in this Directory starting with the boroughwide section title page (page 38) and are marked with “Boroughwide School” in the top-right corner of the school pages.

Citywide Middle Schools

Citywide middle schools are open to all students and residents of New York City. Citywide middle schools are listed in this Directory starting with the citywide section title page (page 44) and are marked with “Citywide School” in the top-right corner of the school pages.
Admissions Priorities

Admissions Priorities determine the order in which applicants are considered for placement in a middle school program. If a program has multiple Admissions Priorities, students who fall into the first priority group will be considered for placement first; students in the second priority group will be considered next; and so on, until all available seats have been filled. Students who fall into higher priority groups have a better chance of getting into a particular program than students who fall into lower priority groups. Schools with multiple middle school programs may have different Admissions Priorities for those programs, so be sure to carefully review the “Admissions Priorities and Programs” section on school pages.

Example: How Admissions Priorities Work

John and Andrea both want to apply to New York Middle School, a school with grades 6-8 in District 11. New York Middle School’s Admissions Priorities are:
- Priority to students residing in the zone
- Then to students and residents in District 11

John lives in the zone of New York Middle School, but Andrea does not. Due to the Admissions Priorities, John has a better chance of being matched to New York Middle School than Andrea does. Despite the fact that Andrea lives in District 11, she falls into the second priority group – all students residing in the zone who apply will be considered before her.

How John and Andrea rank the school on their applications is also important. If John ranks the school third, he may very likely get his first or second choice. And if Andrea ranks the school first, she may receive a match even though she does not have priority. This is because students with priority, like John, have matched to other programs that they ranked higher on their applications.

Admissions Methods

Admissions Methods are the ways in which middle school applicants are admitted into programs. The six types of Admissions Methods are explained in more detail below (in alphabetical order):

**Limited Unscreened**: Limited Unscreened programs give priority to students who demonstrate interest in the school by attending an information session, school tour, open house event, or by visiting the school’s exhibit at the Middle School Fair. You must sign in at these events to receive priority to the school’s Limited Unscreened program(s). Individual schools maintain lists of families who sign in at these events. Students who receive priority to Limited Unscreened programs are not guaranteed admission.

**Screened**: In Screened programs, students are ranked by the school based on a variety of factors which may include final report card grades from the prior school year, reading and math standardized test scores, and attendance and punctuality. Some Screened programs have additional requirements like an interview, audition, writing sample, diagnostic test, and/or teacher recommendation. We refer to these factors as Selection Criteria. Review the Selection Criteria for all Screened programs of interest so that you know how your child will be assessed. If you have any questions, please contact the individual schools for more information. Please note that, consistent with New York State law, State ELA and Mathematics test results will not be the sole, primary or major factor in admissions decisions. Instead, multiple measures, which may include State test results, will be used to make admissions decisions for Screened programs.

**Screened: Language**: Screened: Language programs include Bilingual, Dual Language, and English as a Second Language models. Interested students should review the program name to ensure they are applying to a program that matches their home/native language. Depending on the English Language Learner (ELL) program model being implemented, priority may be given to ELLs, participants of elementary school-level Dual Language and Transitional Bilingual Education programs in the target language, and/or heritage speakers of the target language.

**Talent Test**: Talent Test programs base admission on a student’s exam performance in specified talent areas. Talent Test programs are found at several District 21 schools, including I.S. 239 Mark Twain, which is open to all NYC residents. Testing details are listed on Talent Test schools’ Directory pages.

**Unscreened**: In Unscreened programs, students who apply are randomly selected. If there are priority groups within an Unscreened program, students will be selected randomly within those groups.

**Zoned**: Zoned programs are open to students who live in the geographic zoned area of the middle school. Some geographic zones are shared between middle schools, giving students more than one zoned school option. To find out if your child is zoned to one or more middle schools, please contact your school’s middle school liaison.
Offers are made based on score attained on talent tests given at I.S. 239 Mark Twain. Interested students must fill out a Request for Testing form and return it to their elementary school by October 9, 2014.

What do schools review?

- Biographical Information (Student’s name, address, current school, gender)
- Final Report Card Grades
- Standardized Test Scores
- Attendance
- Special Education Status
- English Language Learner Status

How are students admitted?

- **Screened**
  - Students are ranked by schools based on academics, audition, other assessment and/or attendance

- **Talent Test**
  - Students ranked based on language proficiency

- **Screened: Language**
  - Offers are made based on score attained on talent tests given at I.S. 239 Mark Twain. Interested students must fill out a Request for Testing form and return it to their elementary school by October 9, 2014.

- **Limited**
  - Priority to those students who attend an information session

- **Unscreened**
  - Offers are based on residence

- **Zoned**
  - Students are randomly selected

**The Types of Middle School Admissions Methods**

**Least Selective**

**Most Selective**
Your Next Steps

September
- Review the Middle School Directory
- Meet with your guidance counselor to discuss middle school options and the Request for Testing (RFT)
- Contact schools of interest about open houses, information sessions, and audition dates
- Check the middle school website for important dates: nyc.gov/schools/middleschool
- Attend the District Middle School Fairs

October
- Attend the District Middle School Fairs
- Return RFT to your guidance counselor
- Attend information sessions and open houses
- Review Admissions Priorities for each school

November
- Receive middle school application
- Check your commute for schools of interest
- Get your application ready:
  - Rank the choices you are interested in attending
  - Sign and make a copy of the application

December
- Submit your completed application to your guidance counselor

January
- Attend auditions and interviews; complete school-based assessments and/or portfolios

February
- Attend auditions and interviews; complete school-based assessments and/or portfolios

March
- Receive and return New Middle Schools application to guidance counselor (optional)

May
- Middle school match results distributed
- Students who participated in the new schools round and received two matches return notification letter to guidance counselor with choice of which match to accept
- Students who wish to appeal must also return notification letter to their school, then return completed appeal application

June
- Middle school appeal results distributed
Contact Information

About Our School
New York Middle School prepares students for high school, college, and beyond. Students are given the opportunity to choose from a variety of special programs to further develop their academic interests, and a wide variety of extracurricular activities are available. We view parents as our partners in helping to support our students, and have an open-door policy to promote good communication between our students, families, and staff.

Admissions Information
This section will list all admissions information for schools that are part of Middle School Admissions. Schools with a school-based application process will not have any information listed here.

Boroughwide and Citywide schools are indicated here. For more information about these types of schools, see page 1.

Quality Review Score: Well Developed (2010-2011)
School Location and Transportation

It is extremely important to consider where schools are located in relation to your home. This Directory includes a map indicating the location of all the middle schools in this district on page 14. The map includes all types of middle schools in the district, including charter schools and schools that require a school-based application, if applicable. There are also maps showing the location of the boroughwide and citywide options available to your child on page 15. Please research the travel options available to your child for schools of interest, particularly the train and bus routes that would be necessary.

A summary of pupil transportation information is below. Transportation offered by charter schools varies by school. The New York City Department of Education offers transportation to middle school students based on these criteria:

**Students in Sixth Grade** are provided with free transportation if they live one mile or more from school; if they live closer than that but more than ½ mile from school, a half-fare MTA bus pass is available on request from their school. Free transportation is provided as either a yellow bus or a MetroCard. Students receive yellow busing if (i) their school has bus service, (ii) they live in the same school district as their school, and (iii) a bus can pick them up, along with 10 other students, on a route of no more than 5 miles.

**Students in Seventh Grade and above** are provided with MetroCards if they live 1½ miles or more from school. If they live closer than that but more than ½ mile from school, a half-fare MTA bus pass is available on request from their school.

For more information about student transportation, call the Office of Pupil Transportation at 718-392-8855 or visit nyc.gov/schools/offices/transportation.

Middle School Events

This fall, you will have multiple opportunities to learn more about the middle schools in your district.

**Middle School Fairs**: In September or October, there will be a middle school fair for your district. At the fair, you will be able to meet school representatives and ask questions about specific programs and offerings. Information about your middle school fair will be available from your elementary school and online at nyc.gov/schools/middleschool this fall.

**School Open Houses**: Many middle schools offer open house/school tour events where you and your child can see the school facilities, meet staff members, and ask questions. Before you visit, prepare a list of questions for school representatives regarding the school’s culture, course offerings, and extracurricular activities. For information about school open houses and/or school tours, please contact middle schools of interest directly.

**Priority to Limited Unscreened Programs**: As noted on page 2, Limited Unscreened programs give priority to students who sign in at an information session, school tour, open house event, or by visiting the school’s exhibit at the Middle School Fair. If you are interested in a Limited Unscreened program, please make sure to sign at an event to receive priority for admission.

Other Middle School Options: Charter Schools

Charter schools are independent public schools run by not-for-profit Boards of Trustees that operate under a five-year contract or “charter.” Many charter schools have unique educational approaches that may include longer school days, a longer school year, and/or thematic curriculum programs. Any student eligible for admission to a traditional public school is eligible for admission to a public charter school.

If the number of applicants exceeds the number of available seats at a charter school, the charter school must conduct a lottery to determine admissions. The New York State Charter Law allows schools to offer a lottery preference to three groups: (i) siblings of students who already attend the school, (ii) students who reside in the charter school’s district of location, and (iii) students at risk of academic failure. Charter schools can define which students are considered to be at risk of academic failure. Definitions may include, but are not limited to: students eligible for Free or Reduced Lunch, students who are English Language Learners, or Students with Disabilities. Interested students or parents must contact each charter school directly to receive an application and follow the procedures for admission.

For a list of charter schools in this district that serve sixth grade in the 2015-2016 school year, see the last page of this book. Please note that only some of these schools will have seat availability for incoming sixth graders. For the most up-to-date admissions information, please contact the schools directly.

For more information about charter schools in New York City, see the Directory of New York City Charter Schools, available at enrollment offices (see inside back cover) and online at nyc.gov/schools/charters, or call 212-374-5419. For information about particular charter schools, please contact the schools directly.
School Quality Information

The New York City Department of Education collects information about school practices and student outcomes, which can help identify each school’s strengths and areas for improvement. This Directory contains some of this information, which is listed on school pages and explained in more detail below. If you have any questions about this section, please speak to your school’s guidance counselor or visit nyc.gov/schools/accountability. All citywide and district averages below are for the 2012-2013 school year.

<table>
<thead>
<tr>
<th>Quality Review Score: Well Developed (2010-2011)</th>
</tr>
</thead>
</table>

This rating reflects how well a school’s practices support student learning, and the year of the school’s most recent review.

</table>

This row shows 2012-2013 performance of schools with similar student populations, based on entering characteristics and achievement.

The performance of similar schools is an important comparison for understanding how well a school is succeeding with its students relative to other schools with similar students.

Note: Schools with incomplete course data are listed as N/A.
School Quality Information, continued

Quality Review
The Quality Review evaluates how well a school is organized to improve student achievement. During the two to three day review, evaluators visit classrooms, talk with school leaders, parents and students, and use a detailed rubric to make an overall assessment. The process seeks to look beyond a school’s performance statistics to ensure that the school is engaged in work that strengthens the relationship between students, teachers, and content. The results of the review are published online in a detailed report describing what the school does well and where the school can improve.

At the end of the Quality Review, the school receives one of the following overall scores:

- Outstanding (For 2007-2008 reports only)
- Well Developed
- Proficient
- Developing
- Underdeveloped

The Quality Review score can be found just below the School Performance table (see sample on previous page). The Quality Review score listed on the school pages reflects the most recent year that a Quality Review was conducted at that particular school. For the most up-to-date Quality Review scores and reports, please visit nyc.gov/schools/Accountability/tools/review/find.

New York State Accountability
The New York State Education Department (NYSED) determines the accountability status of schools based on its own set of measures. For more information about New York State Accountability, visit the NYSED website: www.p12.nysed.gov/accountability.

Special Education Services
Students with disabilities may apply to all schools and/or programs listed in this Directory, subject to the same admissions requirements as their general education peers. If the student’s IEP contains testing accommodations, those accommodations will be provided when the student tests or auditions.

Students whose IEPs recommend a specialized District 75 program and who wish to continue in a District 75 program are not required to participate in the middle school admissions process. These students are notified of their middle school placement in May or June by their District 75 schools. If you and the IEP team are considering a recommendation to a community school at the next IEP meeting, we encourage you to participate in the middle school admissions process.

For more information, visit nyc.gov/schools/Academics/SpecialEducation.

Site Accessibility Information
The DOE is committed to ensuring that its programs, services, and activities are accessible to students with disabilities, including students with mobility impairments or other physical disabilities, in compliance with the Americans with Disabilities Act (ADA). The DOE assesses all organizations located in our buildings on a continuous basis to determine which schools are functionally accessible to students with disabilities.

Functionally Accessible Schools or Programs are located in a fully or partially accessible building where an individual with mobility impairment may enter and access all relevant programs and services, including the science laboratory, library, cafeteria, and the gymnasium; in some cases school programs may need to be re-located to accommodate access. At least one restroom is accessible.

For general inquiries about accessibility, please contact the Office of Space Planning at SpacePlanning@schools.nyc.gov. For the most up to date information on the accessibility of each school please contact the school directly.
**English Language Learners (ELLs)**

There are three types of programs designed to serve English Language Learners (ELLs) in New York City public schools. ELLs receive a range of supports and services to develop their English proficiency and prepare them for success in school, college, and/or careers.

There are three different ELL service delivery models offered in New York City public schools:

**Dual Language (DL):** Dual Language programs provide instruction in two languages. The goal of the DL model is to develop bilingualism. Students become proficient in reading, writing, and speaking in English and in the target language of the program (e.g., Spanish, Chinese). The DL model used by the school is based on student demographics in the school and district; however, ELLs receive priority enrollment in DL programs. The amount of instructional time dedicated to each language can vary by model and school (e.g., 60% English/40% Spanish; 50% English/50% Spanish). ELLs enrolled in DL programs receive English as a Second Language (ESL) instruction as a part of their academic schedule.

**English as a Second Language (ESL):** English as a Second Language programs are offered in all New York City public schools and are taught in English. The goal of ESL is for students to develop English proficiency. ESL programs may vary; some schools may offer stand-alone ESL classes while others may incorporate ESL instruction embedded in subject area classes (e.g., Science).

**Transitional Bilingual Education (TBE):** Transitional Bilingual Education programs provide instruction in English and students’ native languages. The goal of the TBE model is for students to develop English proficiency, by gradually reducing the amount of instruction in their native language. Schools provide English Language Arts (ELA), Native Language Arts (NLA), and subject area classes in students’ native languages and in English. As students develop English proficiency, time spent learning in English increases and native language instruction decreases (e.g., Year 1: 60% Spanish/40% English; Year 2: 50% Spanish/50% English).

### ELL Information in This Directory

This Directory indicates which of the ELL service delivery models above are currently offered in each middle school, based on school-reported data.

All middle schools must issue the **ELL Parent Survey and Program Selection Form** at the parent orientation meeting which is offered to all newly-identified ELLs. If you do not receive this form, please request it from the school. You may use the form to indicate your preferred ELL service delivery model, even if your middle school does not currently offer it. Middle schools will be identified for a dual language or transitional Bilingual Education program when there are 20 or more ELLs with the same native language in any single grade whose parents/guardians request either Dual Language or Transitional Bilingual Education. In this way, parents can determine which ELL service delivery models are offered in their child’s school.

For the most up-to-date information regarding ELL service delivery models, please contact schools directly. For more information about services and supports for English Language Learners (ELLs), please call 212-374-6072 or visit the Office of English Language Learners website: [nyc.gov/schools/Academics/ELL](http://nyc.gov/schools/Academics/ELL).

## Academic Assessment – For School Use Only

**Middle School Liaison:** This section must be completed by school personnel for entry into SEMS.

1. Please verify that the student biographical information (e.g., address) and the student attendance are updated in ATS.
2. The final June 2014 report card grades and teacher comments must be entered directly into SEMS.

**Attendance in ATS:**

<table>
<thead>
<tr>
<th>Days Absent</th>
<th>Days Late</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td></td>
</tr>
</tbody>
</table>

**Extenuating circumstances for absence and lateness:**

- Yes
- No

If Yes, please check all that apply:

- Due to Illness
- Due to Family Circumstances
- Lateness Excused

### Final June 2014 Report Card Grades

How to Complete the Application

All New York City public elementary school fifth graders will receive a personalized application from their current school in November. This application will contain pre-populated information about the student and will list all of the middle schools for which that student is eligible.

To complete your child’s middle school application, you will need to review sections 1 and 2, fill out section 5, and sign and date the application in section 6. Return the completed application to your child’s middle school liaison by the deadline later this fall.

Here is a breakdown of each section:

Section 1 – Student Information: Student information printed here comes directly from your child’s current school. Make sure to verify that this information is correct. If any information needs to be updated, please contact your elementary school.

Section 2 – Academic Information: The academic information printed in this section (including your child’s most recent standardized test scores, special needs information, and last year’s attendance record) comes from your child’s current school. Make sure to verify that this information is correct. If any information needs to be updated, please contact your elementary school.

Section 3 – Academic Assessment: For School Use Only: This section will be filled out by a teacher or school administrator after you submit your child’s application. **You do not need to complete this section.**

Section 4 – Middle School Liaison Name & Signature: This section will be filled out by the middle school liaison at your child’s elementary school. **You do not need to complete this section.**

Section 5 – Middle School Options: This section will list the middle schools for which your child is eligible. On this part of the application, you will indicate which schools/programs you are interested in having your child attend, in order of preference.

Write a “1” next to the school you want your child to attend most; a “2” next to your second choice, and so on until you have ranked all of the schools for which your child is eligible and interested in attending. Make sure to look over the Tips and Reminders on the following page before you submit your child’s application.

Rank your choices in order of preference here.

<table>
<thead>
<tr>
<th>Choice Number</th>

</table>

Section 6 – Parent/Guardian Name & Signature: Applications must be signed and dated here.
Application Tips and Reminders

You should discuss your middle school selections with your child and your child’s middle school liaison before filling out the application. As you are ranking schools on your child’s middle school application, don’t forget these tips and reminders:

- Your child’s middle school application has all of his/her options from within the middle school application process printed on it already. Do not write in programs; they will not be considered. If you are interested in any charter, private/parochial, or school-based application schools, please contact those schools directly.
- You can rank as many programs as you would like, but you do not need to rank all of them. Rank only programs you want your child to attend.
- Your child is not guaranteed a spot at the schools you rank on the application. If your child does not receive an offer at one of your ranked schools, your child will receive a placement in either the district of his/her current elementary school or the district to which your child is zoned to attend middle school.
- Remember, your child may also apply to middle schools with school-based applications and charter schools. These schools run their own admissions processes and will not be listed on your child’s middle school application; contact these schools directly for more information.

Continuing Fifth Grade Students

Fifth grade students currently attending a school that continues beyond fifth grade (such as a K-8 or K-12 school) have priority to continue on to sixth grade at that school. In order to receive this Admissions Priority, you must rank your child’s current school as one of your choices on the middle school application.

You do not need to rank your child’s current continuing school as your first choice in order to receive the priority, but be sure to include it in your ranked programs according to your actual preference.

For example: If the middle school program you most want your child to attend is a Screened program open to the whole district, rank that before your child’s current continuing school. If you rank the current continuing school first, your child will be matched there and not considered for the other programs you rank.

Zoned Students

Students who are zoned to a middle school – or a campus containing multiple middle schools – have priority to attend that school or schools. In order to receive this priority, you must rank your child’s zoned school(s) on the middle school application.

As with the continuing fifth graders priority, you do not need to rank your child’s zoned school(s) as your first choice in order to receive the priority; however, you should rank your programs in the order that you’d like your child to be considered for them.

Students who do not receive a match to one of the choices ranked on their application are often matched to their zoned school, even if they did not rank it on their application. If space is not available at their zoned school, students are matched to an available seat in the district.

Students Not Currently Enrolled at a New York City Public School

Students not currently enrolled in a New York City public school – that is, students currently attending a private or parochial school, or new to New York City – will need to request an application for the district in which they live from their local enrollment office. When requesting an application, please provide the enrollment office with a 2014 report card from your child’s school with grades, attendance, and teacher comments so that they may be included as part of the admissions process. Private and parochial students are eligible to attend middle school in the district in which they are zoned for middle school.

See the inside back cover for a list of enrollment office locations.
**Specific Information for District 11**

In this district, some of the middle school zones have multiple smaller schools serving the zoned students. If students apply to all of the schools in the zone, they will have a placement in one of them. However, if students apply to only one or two of the schools in the zone, placement in the zone may not be accommodated. The schools that share a zone are the following:

- 11X529 and 11X532
- 11X326, 11X468, and 11X556
- 11X144 and 11X566
- 11X272, 11X287, 11X289, and 11X370

In this district, 11X127 and 11X181 have programs that admitted students based primarily on test score. The New York State Legislature passed a law in 2014 prohibiting the Department of Education from using test score as the sole, primary, or major factor in admissions decisions. In accordance with this law, these programs will now admit students based on multiple measures, such as grades, attendance, test scores, and student work habits. Schools will determine which measures they will use and how they will weight those measures.

Students apply to these programs by ranking one or more of them on the application. There are no minimum criteria necessary to be eligible to apply. For more information on the specifics of how schools will evaluate applicants for these programs, you may want to contact the school directly.

**Important Notes**

The information listed in this Directory is accurate at the time of publication but may be subject to change. For the most up-to-date information, please contact middle schools directly.

Maps: Certain middle school zones cross district lines. This means you may be zoned to middle school in a district different from the one in which your house appears on the map in this directory. In order to determine your zoned middle school, visit nyc.gov/schools/schoolsearch.

**Have Questions? Need Help?**

If you need help with your child’s application or have any questions about Middle School Admissions, speak to your middle school liaison. You can also call the New York City Department of Education at 718-935-2398 or visit our website at nyc.gov/schools/middleschool.

About Our School
At P.S. 19, the Judith K. Weiss Woodlawn School, we are extremely proud of the accomplishments of our students and staff. We are constantly striving to reach the highest level of achievement in all areas. Our teachers work diligently to provide academic rigor while understanding the individual needs of each child. Our staff works collaboratively to provide a "team approach" to the educational framework of our school. Our children are challenged to work to their fullest potential each day, while enjoying the safe, family environment of our K-8 school. The parent foundation of P.S. 19 gives us the stability we need to provide our students with an all-around sense of unity. Our strong administrators offer direct support to ensure that every day is more productive than the last.

About Our School
Our middle school students have numerous opportunities to assume responsibility for their learning. Depending on their interests, incoming students attend either the S.T.E.M. or Arts & Humanities Academy. Within each Academy, students have voice and choice in selecting extracurricular activities they may participate in before or after the regular school day. Students in both academies have regular access to computer technology during the school day as well as the extended-day and Saturday programs. Academic Intervention Services and enrichment programs are offered to enhance students’ academic performance and social skills. Our school community strongly believes that parents are our partners. We communicate with our parents regularly via the school website, our monthly calendar, school messenger, and monthly PTA meetings. Jupiter Grades provides parents easy access to information regarding students’ grades, attendance, classwork, homework, and conduct. Parents have an opportunity to be part of the learning community through participation in our Adult Education Program, which offers ESL and GED courses as well as monthly workshops.

Extracurricular Activities and Clubs
Drama, Robotics, Computer Technology, Building Websites, Intra-Mural Sports, Music, Musical Theater, Percussion, NYC Road Runners, STEM Club (Science, Technology, Engineering, and Math)

Special Programs: Bell Enrichment Programs, iZone, iLearn, DREAM — SHSI, District Host Site, MSQI, Partnerships with Truman and SIMS H.S. ELL Emersion, Brainfuse, Saturday Academy, You & I, Strategy Based Learning

CHAMPS Sports – Boys: Basketball, Flag Football, Floor Hockey, Soccer, Softball, Track & Field

CHAMPS Sports – Girls: Basketball, Field Hockey, Flag Football, Soccer, Softball, Track & Field

CHAMPS Sports – Co-ed: Basketball, Cheerleading, Flag Football, Soccer, Softball, Track & Field

Consistent with New York State law, State ELA and Mathematics test results will not be the sole, primary, or major factor in admissions decisions. Instead, multiple measures, which may include State test results, will be used to make admissions decisions for screened programs.

About Our School

Students like our school because we support the whole child. We offer unique and specialized small learning communities, enrichment programs, and championship and award-winning athletic, arts, and extracurricular programs. We also offer exciting academic programs which give every child a chance to shine at what he or she loves to do. Parents like our school because they are brought into the process of providing a quality education for their child. Parents have an active and meaningful role as co-creators of the school direction through an active Parent Association and School Leadership Team. We offer dynamic and engaging opportunities for parent and community involvement including a Harvest Fest, a Community Fair, numerous workshops, and training opportunities.

Academic Opportunities

About Our School
Michelangelo Middle School is where students begin their quest for excellence. Our students learn how to become critical thinkers, problem solvers, decision makers, and caring ethical citizens. In addition, our students are prepared for high school and college by our special emphasis on the Common Core Learning Standards. Students are engaged in rigorous activities as well as a wide array of extracurricular activities that are offered to all of our students. Michelangelo has an active Parent Association that works with our Parent Coordinator to communicate with parents about various events, including student celebrations, school plays/concerts, Honor Roll breakfasts, Honor Society Night, and Family Nights. In addition, parents and students can view upcoming assignments on teacher web pages as well as monitor their child’s progress via Teacherease.com. Parents are guided in the high school application process by our Guidance Counselors. Our graduates have been accepted into many of NYC’s Specialized High Schools.

Extracurricular Activities and Clubs
Future City, Computer Club, Junior Varsity / Varsity Sports, Chess Club, Art Club
Special Programs: Dance, Theater, Future City, Glee Club, Band, Chorus, Special High School Preparation, Weather Reporting

About Our School
Our mission is to make P.S. 175 a true collaborative community of practice where we all work together to meet the instructional and social needs of every child. We all see ourselves as learners, and teachers work collaboratively to plan and implement instruction. Our classrooms reflect the enthusiasm of both teachers and students. Parents are welcomed into our building as meaningful contributors. Instruction is rigorous and student achievement high. Students love to come to school to learn, teachers love to come to school to teach, and parents are happy to send their children to our school. We have partnerships with the Lincoln Center Institute, Bronx Arts Ensemble, Sports & Arts in Schools Foundation, AUSSIE, Syracuse University, and the City Island Community Center.

Academic Opportunities
Regents Classes: Earth Science, Integrated Algebra
Enrichment Classes: After-school music group, visual arts program, Little Kids Rock Program

Extracurricular Activities and Clubs
Sports & Arts After-school Program
Special Programs: Educational trips are an important part of our middle school curriculum. In addition to many trips in the New York City area, students participate in the following: 6th grade: 3-day overnight trip to the Greenkill Environmental Center; 7th grade: day trips to Philadelphia and Boston; and 8th grade: overnight trip to Washington, DC.

About Our School
Students can develop their skills in one of our two programs: School for the Arts (Creative & Performing), and Pre-Engineering and Math. Students can major in Fine Arts, Dance (Classical & Modern), Music (Vocal & Instrumental), Video Production & Photography, Theater, and Computers. Students can take advanced placement courses (Computer Assisted Design & Advanced Math) next door at the Truman High School Campus. Children can reach their maximum potential in a secure environment. Many of our students move to specialized high schools and excellent colleges. Honors classes are available in each grade.

Academic Opportunities
Regents Classes: Earth Science, Spanish
Enrichment Classes: Robotics, Strings, Fine Arts, Theater, Film/Photography, Music Technology
Language Classes: Spanish

About Our School
Our school mission statement is "Good to Great." The mission of the P.S. / I.S. 194 school community is to provide students with a quality education that will prepare them for the rigors and challenges of high school, college, and life. Guided by the principles of learning, students will be challenged to think critically and become active participants in the learning process. We do this in the spirit of collaboration with educators and parents through our evolving professional learning community.

About Our School
We envision the Forward School of Creative Writing as a guild system in which each student will develop authorship and artistry across the rigorous three-year curriculum. As sixth grade Apprentices, students will develop a sense of self as they gain basic content awareness and knowledge. During this first year, they will develop the language skills and strategies necessary to develop literacy comprehension within each discipline. Grounded by their apprenticeship, Journeymen and women will take on the challenge and depth of content in seventh grade as they increase their reading and writing stamina through participation in school-based projects and crosscurricular activities. During this stage, seventh graders will ply their skills through investigation of their interests. As eighth grade Craftsmen and -women, Forward students will reach out to the greater community through their varied service projects and artistic endeavors. Their authentic community connections will bring them to a better understanding of the human condition. During the eighth grade year, our guild members will experience, firsthand, the hard work, satisfaction, and exhilaration that the relationship between authorship and artistry can inspire. At this guild level, our students will learn to effectively communicate their thoughts and perspectives as they artistically express their feelings and insights about the world.

About Our School
Families enjoy the numerous end-of-unit celebrations of student work and our annual portfolio presentations in June. We are one of the only middle schools in the country that offers a garden curriculum (field study) during the school day. Students take classes in our garden on our school site. Bronx Green Middle School is piloting one of the few iPad programs in New York City. Students in all grades and subject areas use iPads in their major classes. Bronx Green Middle School uses the Google Apps suite of programs which allow students to create safe and secure websites, email each other, and receive technology-based instruction.

Academic Opportunities
Regents Classes: Integrated Algebra
Enrichment Classes: Specialized High School Exam Prep

Selection Criteria: Priority is given to students who demonstrate interest by signing in at one of the following events: Information Session, School Tour, Open House, or Middle School Fair.

About Our School
Founded in 2009, Cornerstone Academy for Social Action provides a holistic learning environment dedicated to developing 21st century skills. Our curriculum focuses on the intellectual, social, and emotional development of all students, as well as left, right, and whole brain activities. Our pedagogy provides students with strategic opportunities to work collaboratively, engage in critical thinking and questioning, solve problems creatively, analyze and synthesize information, practice adaptability, spark curiosity, and build oral and written communication skills. Our schedule gives students the opportunity to learn within the disciplines of theater, mathematics, language arts, computers, science, music, health, leadership, social studies, and physical education. Our teachers incorporate a variety of strategies to develop the skills mentioned above such as Socratic seminar, performance tasks, project-based learning, the incorporation of technology, and traditional methods of teaching. For assessment, teachers check for understanding multiple times during instruction, as well as at the end of a lesson with an exit ticket. There are weekly and bi-weekly assessments of skills aligned to standards to support student mastery of the standards, projects and performance tasks give students opportunities to transfer their skills into a product, and interim assessments are given every 6-8 weeks under state testing conditions, so that teachers can use that data to track achievement against the standards and create instruction plans. Academic intervention services are provided in math, science, social studies, and language arts, as well as for our special needs population, and English Language Learners where needed. The level of rigor is appropriate for our students to have success in high school, college, and beyond. Our job as educators is to work creatively and collaboratively to create a student-centered environment that allows all students to shine. This is the foundation of our school’s education philosophy.

About Our School
Students at Pelham Academy learn to work hard, support each other, and celebrate their success. Through regular and consistent work with their advisors, our students are taught how to analyze situations and recognize what is in their best interest (in and outside of the classroom). Our students begin to explore their interests in the 6th grade, and continue that journey through high school visits, the creation of portfolios, and preparation for the Specialized High Schools Admissions Test. Students learn, participate in, and ultimately design community service projects that serve needs within their own neighborhoods. Our collective goal is to help mold our children into reflective young men and women who are prepared to be competitive in high school, college, and beyond. The foundation of our school rests in the vision that we are preparing for life. To realize that goal, our students are provided with the environment and support they need in order to learn, develop, and mature. Our learning community consists of everyone and anyone who can impact the lives and futures of our children. We work hard to engage everyone in the work of educating and supporting all children.

About Our School

One World is a small school committed to understanding our students in order to teach them. We are dedicated to creating a respectful environment where diversity is celebrated and individuals learn and flourish by developing character, intellect, wellness, and a desire for lifelong learning. We enhance our learning by celebrating success, and acknowledging student and teacher accomplishments. All students will graduate with the ability to be a personal leader, a community activist and an ambassador of change. Similar to the United Nations charter, all cultures are celebrated at One World Middle School; real issues are discussed and we provide an ongoing platform for dialogue. Leaders, activists, and ambassadors have a common thread in that they communicate clearly and appropriately for the audience and message. For these reasons, the areas of writing, speaking, and listening are carefully nurtured. Students are taught to understand the importance of being informed and well-versed when taking a position.

About Our School
Baychester Middle School’s primary goal is to prepare our scholars to succeed in college. We believe that both academic and character education are valuable in preparing our students for college. All students start and end their day with advisory. Additionally, our students are aware of their learning goals and are surrounded by a staff that pushes them to exceed their goals.

Academic Opportunities
Regents Classes: Integrated Algebra, Living Environment, U.S. History and Government
Enrichment Classes: Software-Based Math and ELA Classes
Language Classes: Spanish

Extracurricular Activities and Clubs
Acting/Playwriting, Chess, Creative Writing, Recycling, Robotics, Student Government, Math Club
Special Programs: Every year each scholar visits two high schools and two colleges/universities. We offer overnight outdoor leadership development trips and Monthly Fun Nights.
CHAMPS Sports – Boys: Basketball, Fitness Club, Flag Football
CHAMPS Sports – Girls: Basketball, Cheerleading, Fitness Club
CHAMPS Sports – Co-ed: Tennis, Track & Field

About Our School
Students enjoy our classroom projects where they take on the role of experts in many different career fields and attempt to solve the problems that challenge our community, country, and world. Students also enjoy our advisory groups where they work with a small group of other students and an advisor to discuss important personal issues, take trips around NYC, and develop our school's core values. Students love our enrichment and extracurricular activities which include soccer, flag rugby, basketball, capoeira, art, creative writing, robotics, student council, step, hip hop rhythm, Rosetta Stone, video games, and student internships. Parents like our online grade book that allows for instant access to teachers, grades, and student behavior reports. Parents enjoy our many project celebrations where students present their projects and receive awards for their hard work. Parents also like our mastery academy programs that allow for students to get extra help, make up work, and even expand their learning. Further, parents have opportunities to volunteer as experts in different classrooms to talk about their career experiences. The five core values at Bronx Park are: Professionalism, Reflection, Innovation, Determination, and Empathy.

About Our School
Students like our school because we have an energetic, hands-on, project-based approach to learning. Through the use of the latest technology students are able to build new knowledge and increase their academic ability. Students enjoy learning in our classrooms that have a studio feel with areas for collaboration, research, and independent study. Students also benefit from an advisory program that gives all students access to an advisor who helps them create, implement, and evaluate their action plans around both personal and academic goals. In our school, students have a voice and are full participants in their own learning under the guide of teachers and staff that meet their needs for belonging and respect. Our parents appreciate the level of support that their children receive through our programs, which are designed to meet the unique needs of each and every student. Parents recognize our commitment to preparing each student for high school, college, and beyond by giving them access to explore a range of businesses, organizations, colleges and universities. Our parents are an integral part of the success of our school and we encourage them to stay involved by participating in all aspects of our school community. All of our academic and programming decisions are rooted in research based on which experiences and instructional practices best prepare students for postsecondary education.

About Our School
The Eagle Academy for Young Men believes excellence, both in character and scholarship, opens doors. This school embodies a strategic partnership between students, administrators, teachers, parents, mentors, and community supporters. The Eagle Academy prepares its students to join the ranks of future leaders in society. Students benefit from the extensive learning opportunities provided by our partners, the One Hundred Black Men of New York and the Eagle Academy Foundation. The Eagle Academy for Young Men was founded by the One Hundred Black Men of New York. Students also enjoy the variety of clubs and extracurricular programs, the family-like atmosphere of the school, and our Mentoring Program. We have a high level of parental involvement. Parents appreciate the expertise and dedication of our educators and the opportunities their sons have to travel throughout the country and worldwide. We offer extensive summer enrichment opportunities for all students. Our graduates have earned over three million dollars’ worth of scholarships.

About Our School
TAPCo is one of the first public STEAM (Science, Technology, Engineering, Arts, Math) schools in New York City. We provide a strong academic program and the opportunity for students to explore all of the arts. In high school, students can pursue tracks of study in Dance, Drama, or Visual Studies (moving/non-moving image). Students and parents like our personal, family-like atmosphere, our many academic and extracurricular activities, and our strong, supportive staff. TAPCo has two dance studios, a black box theater, a full-sized auditorium, a theater scene shop, a video production studio, two chorus rooms, and an art room. We have partnerships with world-class arts organizations like the 92Y and Lincoln Center. On average, our college acceptance rate is 99% with over $1.5 million in student scholarships and grants (not loans). We communicate with students and parents through our school website, daily morning announcements, weekly student meetings with their staff agents, monthly town hall meetings, an open door policy for the entire administration, and our parent association. TAPCo was cited as “a hidden gem” in Clara Hemphill’s book New York City’s Best Public Middle Schools: A Parent’s Guide.

Extracurricular Activities and Clubs
Middle School Newspaper, Student Council, Drama, Theater Tech Crew, Dance, Choral Music, Glee, Visual Arts, Prefects Community Service, Tech Squad, Radio Station, Documentary, Chess, Math Homework

About Our School
The Institute for Collaborative Education (I.C.E.) is a small, community-focused school where the needs and academic interests of our students come first. Teachers utilize a project-based curriculum that emphasizes student-centered inquiry, forming substantive arguments, written and oral presentations, and the active and ongoing exchange of ideas. At I.C.E. we encourage students to develop their own points of view and practice the intellectual disciplines of conducting formal research and defending complex academic arguments.

Academic Opportunities
Enrichment Classes: Visual Art, Music (Jazz Band and Section Rehearsals), Photography, Dance, Multimedia Production, Drama and Theatre, Shakespeare Literature, Debate
Language Classes: Spanish

Extracurricular Activities and Clubs
Debate, Table Tennis, Literary Magazine, Coffee House, Robotics, Japanese Club, Science Club, Fencing

Quality Review Score: Well Developed (2009-2010)

About Our School
The Anderson Middle School (AMS) provides a judicious combination of an accelerated and enriched curriculum for the distinct needs of gifted learners. Our upper grades are fully integrated within our highly successful K-8 school. With only two classes per grade, the relationship between students and teachers is very personal and supportive. This smaller population also fosters a strong sense of community for students who attend this citywide school. Guided by skilled educators who recognize the special needs of children with outstanding intellectual potential, our upper grades, 6-8, provide intimate, differentiated, and departmentalized instruction that encourages higher level critical thinking skills, creative problem solving, divergent thinking, research, independent study, collaborative projects, and self-evaluation. The legacy of parental involvement and support sustains the spirit and growth of AMS. The Anderson School seeks a diverse student population and welcomes applications from students living in any of the five boroughs who meet the criteria of high academic performance based on report cards, very high scores on each of the 4th grade NYS ELA and Math exams (scores to be announced on school's website in November), and strong teacher recommendations. Students who meet all of these criteria will participate in an admissions test at the school that includes essay writing and a math assessment given by members of the Anderson administration and faculty.

Academic Opportunities
Regents Classes: Integrated Algebra, Living Environment, Spanish
Enrichment Classes: Art (Studio and History), Music (Keyboard Lab, History, Instrumental Music, Chorus), Advisory, Technology/Research Lab, Electives, Musical Theater, Ballroom Dancing

About Our School
The mission of the Special Music School is to provide schooling to musically gifted children through a combination of highly structured instrumental training and a standards-based academic program. The school prepares musically gifted children for professional music careers while recognizing that not every student will choose such a career. The underlying philosophy informing the structure and operation of the Special Music School is the belief that music education for gifted pupils requires: 1) extensive opportunities to work with an outstanding instrumental faculty on a one-to-one basis; 2) a structured, sequential music curriculum; 3) opportunities to perform before audiences; and 4) a program of close interaction between general academic and musical studies. It is our goal to see each child reach his or her maximum academic and musical potential. Our vision is that all Special Music School students will become life-long learners and critical thinkers in the context of a caring and respectful learning environment. We encourage meaningful parental involvement in all aspects of the educational process, fully recognizing the importance of the home/school partnership as an essential component for maximizing each child’s growth and development.

About Our School
At the Talented and Gifted School for Young Scholars, faculty, parents, and students work together to prepare all students to excel in life and develop to their full potential, both intellectually and socially. As part of a collaborative effort we seek to: inspire inquiry, creativity, and achievement for all of our students; inspire compassion, integrity, and respect for all humanity; and cultivate the belief that we are all life-long learners. Believing in the dignity and worth of each individual, whether adult or child, we recognize our responsibility to provide an educational program that stimulates and challenges each person to realize his/her maximum potential. Through this collaborative effort, we will: promote physical and emotional well-being; recognize and develop, in all students, their individual interests and talents; provide a strong educational program in which all students are encouraged to develop critical and creative thinking skills; design meaningful educational experiences that promote academic and personal growth and challenge students to reach their full potential; select, develop, and maintain a professional and supportive staff sensitive to the instructional and emotional needs of each student, dedicated to providing a quality education, and who have a genuine love of children and an interest in helping the students we are fortunate to serve develop into positive members of our society; engage in ongoing self-evaluation that ensures, as an educational learning community, that we are effectively working to achieve our own goals and those of the Department of Education.

Academic Opportunities
Regents Classes: Integrated Algebra, Living Environment, U.S. History and Government
Enrichment Classes: Art through 6th grade, Technology (programming and robotics)

About Our School

Students thrive in our community that blends academic rigor with visual and performing arts. Every student has a focus in one of our Talent programs: Art, Athletics, Computer/Math, Creative Writing/Journalism, Dance, Drama, Instrumental Music (Strings or Winds), Media, Science, or Vocal Music. Parents appreciate the personalized attention of our mini-school “cluster” system. Teachers and support staff have time in their weekly schedule to collaborate with parents and caregivers to provide the best academic and social/emotional development for each student. Almost all graduates go on to NYC’s Specialized High Schools or select programs. We have building-wide Next Generation Wireless internet access and cohorts of students utilize iPads throughout their courses. Our school is designated as a Rewards School (top 5% by NYSED). We received The Blackboard Award for “Outstanding Middle School” in 2011.

Academic Opportunities

Regents Classes: Earth Science, Integrated Algebra, Living Environment
Enrichment Classes: Music, Art, Technology, Robotics, Computer Science, Leadership
Language Classes: Italian, Spanish

Extracurricular Activities and Clubs

LEAP arts internships, HAI after-school arts program, Social Awareness Club, Book Club, Young Naturalists, Tech Club, Math Team, Chess, New York Stock Market Game, Audio Visual Squad, Yearbook, School Newspaper, Eureka Project, Art Publications, Off-Site Art and Music Exhibitions, Film Production, Robotics Team

Special Programs: Our school has been working on enhancing STEM opportunities. We are one of 20 schools selected to participate in the software engineering pilot program by the Mayor’s Office and are part of the STEM Pipeline program in partnership with National Grid and Brooklyn Technical High School. In addition, we offer Specialized High School preparation, talent programs, Arista/National Junior Honor Society (NJHS), leadership, community service, and activism opportunities.

CHAMPS Sports – Boys: Basketball, Soccer, Volleyball
CHAMPS Sports – Girls: Basketball, Soccer, Volleyball
CHAMPS Sports – Co-ed: Bowling

How to Apply to Mark Twain for the Gifted & Talented (21K239)

Mark Twain for the Gifted & Talented (I.S. 239) is a middle school open to all New York City residents. In order to be eligible to test for and apply to this school, applicants must submit a Request for Testing (RFT) form by the deadline and follow the other admissions requirements outlined below.

Request for Testing (RFT) Information: All students interested in applying to Mark Twain for the Gifted & Talented must submit a Request for Testing (RFT) form by October 9, 2014.

Public school students should return the form to their elementary school, and non-public school students should return the form to their local enrollment office (see back inside cover). On the RFT form, you will need to identify the two talent areas (see below) for which you would like your child to participate in competitive talent exams.

Talent Areas and Program Codes
- Art (K239AR)
- Athletics (K239AT)
- Computer/Math (K239CM)
- Creative Writing/Journalism (K239JO)
- Dance (K239DA)
- Drama (K239DR)
- Instrumental – Strings (K239ST)
- Instrumental – Winds (K239WI)
- Media (K239ME)
- Science (K239SC)
- Vocal Music (K239VO)

Ranking Mark Twain on the Middle School Application: Students who have submitted their RFT form will see the two talent areas for which they have requested to be tested on their personalized middle school application. To be considered for placement, you must also rank Mark Twain on your application as one of your choices.

Talent Testing/Audition Information: After submitting the RFT Form, eligible students will receive notification of the date for which they have been scheduled to audition. Testing will occur at Mark Twain and will take place on one of the dates listed below:
- January 10, 2015
- January 11, 2015
- January 24, 2015
- January 25, 2015
- January 31, 2015
- February 1, 2015
- February 7, 2015
- February 8, 2015

Please note that additional test dates may be scheduled based on student applicant response.

How to Apply to Professional Performing Arts School (02M408)

Audition Information: Professional Performing Arts School (PPAS) is a citywide school serving grades 6-12. Eligible students are invited to audition for the PPAS middle school theatrical arts program which includes acting, singing, and dance instruction from professionals in these fields along with an accelerated academic program.

Students will be invited to an audition based on academic standing and attendance. Invitations to audition will be sent to students and families prior to the holiday recess in December. Auditions will be held in the last week of January. We will work with students that have conflicts with other public school tests and auditions.

Auditions include acting, singing, and dancing. More details about what is required will be sent to students invited to audition in December. Meanwhile, students should begin to prepare a short monologue from a character close to their age, AND a short song (16 bars). The song can be a classical or gospel song, or a song from a musical.

Ranking PPAS on the Middle School Application: In order to be considered for a PPAS audition, you must rank PPAS as one of your choices on the middle school application you receive from your current elementary school. If you attend a private or independent elementary school, you can obtain a middle school application from a New York City enrollment center. All candidates must be residents of New York City at the time of application.
# District 11 Charter Schools

This is a list of charter schools located in District 11 currently authorized to offer a grade 6 by the 2015-2016 school year (subject to change). Please note that not all charter schools accept applications for new students in sixth grade. For the most up-to-date admissions information, contact schools directly.
